December 1, 2020

To the Members of the Board of Trustees, Taxpayers of Uvalde, Real, and Zavala counties, and the citizens of the Southwest Texas Junior College Service Area:

I am pleased to submit the Annual Financial Report for the fiscal year 2020. A discussion and analysis of the college's financial statements provide an overview of the financial activities for the fiscal year ended August 31, 2020.

Our college, like many others, experienced unprecedented factors in responding to the Covid-19 pandemic. We converted to remote operations after Spring Break 2020 and remained in this operation mode through the fall of 2020. Our summer enrollments were strong and fall enrollment was down approximately 3%. Overall, we were pleased with a 3% reduction, the forecast was a 10% decrease as was experienced by most of our colleagues.

In meeting this current challenge, the college administration and staff made significant improvements to student support functions. Call centers, chat boxes, virtual tutoring, virtual advising, zoom lectures, and zoom meetings were added to continue supporting student success. We are confident that the adaptations made in response to Covid-19 have improved our college. As a result, the college has begun a thorough review of its core values, vision, and mission statement in preparation of revising and updating its strategic plan. Our response to the pandemic helped us refocus on what is important to our students and to our institution.

Sincerely,

Hector Gonzales, Ph.D.

Zhuth Buch

President

December 1, 2020

To President Gonzales, Members of the Board of Trustees, and Citizens of Southwest Texas Junior College:

The annual financial report of Southwest Texas Junior College District (College) for the fiscal year ended August 31, 2020, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the representation, including all disclosures, rest with Southwest Texas Junior College. To the best of our knowledge, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and the results of operations of the various funds of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included.

COMPARATIVE FINANCIAL STATEMENTS

The 2020 audit report contains comparative data for the last two fiscal periods to ensure that the financial information will be available at a glance to financial statement users. Following the auditor's report the College has included a Management's Discussion and Analysis which provides summary information and a brief economic forecast in three segments:

- 1. A brief discussion of the basic financial statement,
- 2. Condensed comparative financial information, and
- 3. Analysis of the College's overall financial position and results of operation.

Segment 2, Condensed comparative financial information contains the following required elements:

- a. Total assets, distinguishing between capital and other assets
- b. Total liabilities, distinguishing between long-term and other liabilities
- c. Total net position, distinguishing among amounts invested in capital assets, net of related debt; restricted amounts; and unrestricted amounts
- d. Operating revenue by major source
- e. Operating expenses by function
- f. Non-operating revenue and expenses
- g. Income before other revenue, expenses, gains, and losses
- h. Changes in net position
- i. Ending net position
- j. Cash flow, distinguishing among operating activities, non-capital financing activities, capital and related financing activities, and investing activities.
- k. Changes in cash flow

We hope this Annual Financial Report presentation will help the reader better understand the overall financial status of the College as of August 31, 2020.

The Annual Financial Report is presented in five sections:

Introductory section includes the President's Letter, this transmittal letter, and the College's principal officials.

The Financial section includes the report of the independent accountants, the management discussion and analysis, the basic financial statements, notes to the financial statements and required supplemental financial information.

The Statistical section includes selected unaudited financial and demographic information, generally presented on a multi-year basis.

The Single Audit section includes the annual single audit in conformity with the provisions of the Single Audit Act of 1984 and U. S. Office of Management and Budget Circular A-133, Audits of State, Local Governments, Non-Profit Organizations and the Uniform Grants Management Standards issued by the State of Texas. Information related to this single audit, including schedules of federal and state financial assistance and auditor's reports on internal control structure and compliance with applicable laws and regulations are included in the single audit section of this report.

UNMODIFIED OPINIONS ON BASIC FINANCIAL STATEMENTS ACCOMPANIED BY REQUIRED SUPPLEMENTARY INFORMATION AND OTHER INORMATION

Independent Auditor's Report

Board of Trustees Southwest Texas Junior College 2401 Garner Field Road Uvalde, Texas 78801

Members of the Board:

We have audited the accompanying financial statements of the business-type activities, and the aggregate discretely presented component units of Southwest Texas Junior College as of and for the years ended August 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of Southwest Texas Junior College, as of August 31, 2020, and 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of College's proportionate share of the net pension liability, and the schedule of College's contributions to TRS, the schedule of College's proportionate share of the net OPEB liability, and , the schedule of College's contributions to the OPEB plan as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Southwest Texas Junior College's basic financial statements. The exhibits identified in the Table of Contents as required statistical supplements are presented for purposes of additional analysis and are not a required part of the basic financial statements. These exhibits are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These exhibits have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Texas Single Audit Circular, and are also not a required part of the basic financial statements.

The schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The exhibits identified in the Table of Contents as required statistical supplements have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2020, on our consideration of the Southwest Texas Junior College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Southwest Texas Junior College's internal control over financial reporting and compliance.

Knippa, Texas

December 1, 2020

The following Management Discussion and Analysis was prepared by Southwest Texas Junior College's management and provides an overview of the College's financial activities.

Basic Financial Statements

In June 1999, GASB released Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments which was followed by GASB Statement No. 35, Basic Financial Statements – Management Discussion and Analysis for Public Colleges and Universities, which provided guidance to public colleges. Southwest Texas Junior College implemented these new reporting requirements in fiscal year 2002 in accordance with the implementation dates set forth in GASB 35.

The reporting format requires three basic financial statements that provide information for the College and its component unit, SWTJC Foundation, Inc.

Statement of Net Position – presents information on the College's assets, liabilities and the difference between them as net position. Net position is further identified as restricted and unrestricted.

Statement of Revenues, Expenses, and Changes in Net Position – presents information on the College's activities for the year then ended. Revenue and expenses are recorded as they incur, regardless of the timing of the related cash flow.

Statement of Cash Flows – is reported on the direct method. It reports cash flow from operations as major classes of receipts and expenses.

Comparative Financial Information

A comparative analysis of financial information is included in the Management Discussion and Analysis.

Financial Analysis

Total liabilities exceed total assets by \$7,135,429 (13%) due to the inclusion of recent Governmental Accounting Standards Board requirements (see Notes to the Financial Statements Nos. 11 and 19). Of the College's total assets, \$39,700,437 (70%) is represented by capital assets including land, buildings and improvements, furniture, equipment, and library books, net of accumulated depreciation.

For the year ended August 31, 2020, operations of Southwest Texas Junior College were primarily supported by appropriations from the state's general fund and tuition and fee revenue. Effective as of the 2006 fiscal year, state appropriations are reported as non-operating revenue. Total revenue is supplemented by federal and state grants and contracts, private gifts, and sales and service revenue for auxiliary and educational departments. The College is also supported by ad-valorem taxes of \$6,062,810 in the current year as compared to \$5,557,488 for the year ended August 31, 2019, and \$5,281,800 for the year ended August 31, 2018, listed as non-operating revenue.

State appropriations including restricted insurance and retirement payments totaled \$10,613,780 (24%), \$9,770,349 (23%), and \$9,543,818 (24%), tuition and fees totaled \$4,462,458 (10%), \$7,556,069 (18%), and \$6,407,407 (16%), and federal grants and contracts totaled \$19,724,621 (39%), \$16,336,545 (38%), and \$15,105,963 (38%) all for years ended August 31, 2020, 2019, and 2018, respectively.

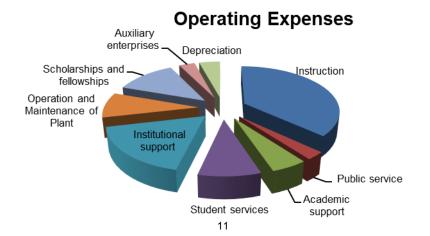

Instruction continues to be the largest component of operating expenses at \$16,041,562 (38%) in the current year as compared to the year ended August 31, 2019, of \$16,543,033 (40%) and the year ended August 31, 2018, of \$15,468,773 (40%). Scholarships of \$5,324,509 (12%) in the current year compared to the year ended August 31, 2019 amount of \$4,478,972 (11%), and the year ended August 31, 2018, amount of \$4,352,289 (11%), passed through to students after being applied to tuition and fees. Included in operating expenses is depreciation of \$1,791,444 in the current year, \$1,662,957 for the year ended August 31, 2019, and \$1,493,545 for the year ended August 31, 2018, which represent non-cash expenses.

For the year ended August 31, 2020, the result of operations was an operating loss of \$32,070,000 compared to the year ended August 31, 2019, amount of \$26,269,054 and the year ended August 31, 2018, amount of \$25,854.920. The current year operating loss combined with the current year net non-operating revenue of \$32,922,641 results in an increase in net position of \$852,641.

Southwest Texas Junior College's Change in Net Assets

Operating Revenues	FY 2020	FY 2019	FY 2018

Increase (decrease) in cash and cash equivalents	572,729	2,375,816	(1,136,563)
Cash and Cash equivalents at beginning of year	6,037,976	3,662,160	4,798,723
Cash and cash equivalents at end of year	\$ 6,610,705	\$ 6,037,976	\$ 3,662,160

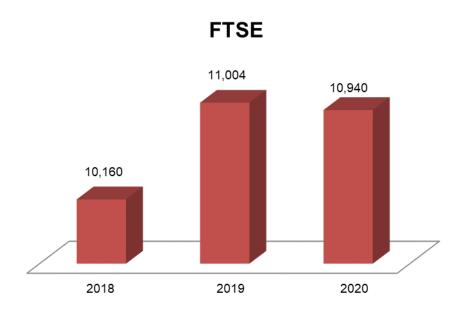

Cash Flows By Activity

Full time student equivalent enrollment and contact hours in academic and technical programs decreased by 1% and increased by 3%, respectively, in the 2020 fiscal year.

	FTSE	Contact Hours
2018	10,160	2,421,409
2019	11,004	2,439,930
2020	10,940	2,515,869

Capital Assets

In 2001, the Southwest Texas Junior College Board changed equipment capitalization from \$250 to \$5,000.

As a result of implementing GASB 34-35, in the fiscal year ended August 31, 2020, SWTJC recorded a depreciation expense of \$1,791,444, \$1,662,957 in the fiscal year ended August 31, 2019, and \$1,493,545 in the fiscal year ended August 31, 2018. The method of accounting for expenditures for plant and retirement of indebtedness remains unchanged.

Long-term Debt

In 2006, Southwest Texas Junior College incurred \$9,000,000 in long-term debt through two revenue bond issues. The first, \$3.5 million, is a private placement issue with proceeds used for the construction of a new student services building and the subsequent renovations of existing spaces. Refer to note 8 in the notes to the financial statements for further details. Construction of the new building was completed in May of 2008.

The second, \$5.5 million, is a private placement issue with proceeds used for the construction of a new educational facility for Sul Ross State University Rio Grande College. Refer to note 8 in the notes to the financial statements for more information. The building was completed in December 2007.

In 2012, Southwest Texas Junior College incurred \$2,500,000 in long term debt through a maintenance tax note issue. It is a private placement with proceeds used for updating energy systems. The energy savings acquired will provide the payment for the note. Refer to note 9 in the notes to the financial statements for more information. Energy systems work were completed in the fall semester 2013.

In 2013, Southwest Texas Junior College incurred \$7,500,000 in long term debt through a revenue bond issue. It is a private placement with proceeds used for an administration building and a classroom building on the Del Rio campus. Refer to note 8 in the notes to the financial statements for more information. The building was completed in November 2014.

In 2014, Southwest Texas Junior College incurred \$10,000,000 in long term debt through a revenue bond issue. It is a public placement with proceeds used for a library and classroom building on the Eagle Pass campus, a library building on the Crystal City campus, and renovations on the Uvalde campus. Refer to note 8 in the notes to the financial statements for more information. The building on the Eagle Pass campus was completed in December of 2015 and ready for student use at the beginning of the 2016 spring term., and the library for the Crystal City campus was opened in April 2017.

In 2015, the college incurred \$3,000,000 in long term debt through a revenue bond issue. It is a private placement with proceeds used for the purchase and renovation of a technical facility in Eagle Pass. Refer to note 8 to the financial statements for more information. The campus was completed shortly after the end of 2016.

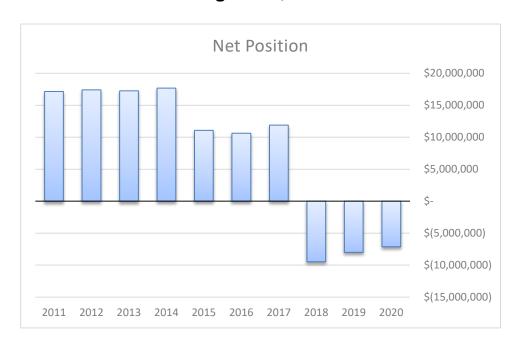

In 2016, the college refinanced SWTJC Series 2016 bonds. The proceeds were used to pay off the balance of the of the SWTJC Series 2006 bonds. The par amount of the refunded bonds was \$3,224,334.48. Delivery was accomplished August 11, 2016. The College achieved a net present value savings of \$343,083.64 in interest expense.

Net Position

In 2002, in accordance with GASB 34-35, Southwest Texas Junior College began reporting Net Position by Source and Availability. Until 2007, the College reported Endowment Funds as Other Restricted Funds. Starting with the year 2007, these Endowment Funds were correctly reported in the Unrestricted category as Quasi Unrestricted (restrictions self-imposed by the Board of Trustees). For the year 2020, Endowment Funds amounted to \$2,147,829.

Unrestricted assets for the year 2020 were \$(26,635,064) as compared to \$(26,608,300) in 2019. In accordance with GASB 68 (effective FY 2016) and 75 (effective FY 2018), SWTJC was required to book its portion of the State's unfunded pension liability and unfunded health insurance liability, which caused the unrestricted asset figure to be negative. The pension liability was \$7,265,146 and the health insurance liability was \$25,756,149 making a combined liability of \$33,021,295 for 2020 and the combined liability was \$31,092,230 in 2019.

Other Conditions and Factors

Mission Statement and Strategic Goals (2017-2022):

Mission: Southwest Texas Junior College is a comprehensive, public college serving eleven counties in Southwest Texas. The College provides accessible, affordable, high-quality education that prepares students to successfully transfer to senior colleges and universities; enter the job market; pursue their professional and personal goals; and contribute to the economic growth of the region.

Strategic Goals:

- Identify and serve the learning needs of the community (LEARNING).
- Cultivate excellence in teaching, instructional delivery, student services, and administrative support (QUALITY).
- Provide reliable and sustainable resources and funding for the college (EFFICIENCY)

Currently, there is a Strategic Planning Team reviewing and revising the College's mission and goals in order to best focus on the unique vision of the College. These visions will be presented to the Board of Trustees in early 2021.

Coronavirus: In March of 2020, the country experienced growth in Covid-19 cases. This growth, along with the concern of students having traveled during spring break, led College leaders to recommend to the Board of Trustees conversion of all academic classes to remote learning. For the rest of the spring semester, technical class (that could not be held remotely) were postponed. The President formed a task force to determine what actions would need to be taken to provide a safe environment for students, employees, and the community. The College received funding under the CARES Act (Coronavirus Aid, Relief, and Economic Security Act) of \$1,868,479 for our students and \$2,102,070 for the institution to aid in the transition of the College to a remote learning platform. Currently, (Fall 2020 and Spring 2021), the College has implemented many protocols (sanitizing, sign-in logs, reconfiguring spacing distances, mandatory mask wearing and temperature monitoring) allowing technical students to attend labs on campus. The dorms and cafeteria remain closed and most employees are working from remote locations. The College is pleased to report that there have been no cases of transmission on its campus.

Aspen Institute: In 2011, Southwest Texas Junior College was recognized by the Aspen Institute in Washington D.C. as one of the top 10 community colleges in the nation. Again, in 2017, the College was recognized as one of the top ten-percent of community colleges. After the 2019 year end, SWTJC was invited (as one of only 150 community colleges in the United States) to apply for the 2021 Aspen Prize for Community College Excellence and The Excellence and Equity in Community College STEM Award. This selection was based on performance in student outcomes – including graduation rates, improvement in student success, and equitable student success.

Lumina Foundation's Achieving the Dream Leader College: In 2009, Southwest Texas Junior College was a part of the first cohort of Leader Colleges announced by the Achieving the Dream network, it was recertified as a Leader College in 2012 and 2015. ATD is a national reform network dedicated to community college student success and completion; focused primarily on helping low-income students and students of color complete their education and obtain market-valued credentials. During the 2020 year, SWTJC agreed with its ATD coach to participate in leading a reassessment of the dual credit model.

Partnerships: As of 2020, SWTJC partnered with three Independent Consolidated School Districts to provide Early College High School programs. This program provides students the educational opportunity to graduate with an associate degree before they graduate from high school. Three Independent Consolidated School Districts were provided with college academies and dual credit classes were provided for 26 school districts, allowing high school students to gain college credit before enrolling in the college of their choice. During the 2020 year, the President, along with the Vice President of Academic Affairs, have continued to visit with superintendents of all dual credit and early college high schools to open a conversation of mutual exchange of ideas and Pathway development.

Regional Higher Education Plan Development: During 2020, Sul Ross University appointed a new President for the University and a new Provost for the Rio Grande campus. College and University officials have been meeting on a regular basis in order to promote planning for higher education in our areas.

Facilities: During 2020, the College focused its facilities teams on deferred maintenance issues such as dorm renovations, heating and air-conditioning units, roof repair, and upgrading network capabilities.

State Appropriations: The 86th Legislative session maintains the Core Operations rate of \$1.36 million for SWTJC and each of the 49 other community college districts as recommended by the Coordinating Board. Contact hour funding was also held steady at the FY18-19 level of \$5.40 per contact hour, although the Coordinating Board recommended an increase to \$5.49. However, community college Student Success Point funding was increased substantially, from \$171.56 per point in FY18-19 to \$214.76 per point for FY20-21, just short of the Coordinating Board's recommendation of \$215 per point.

Although Success Point weights are unchanged for the FY20-21 biennium, the bill includes rider language that it is the Legislature's intent that different success point weights be used for the FY22-23 biennium, to include 2.75 points per student transfer to a General Academic Institution (currently two points); 1.2 points per degree or certificate awarded in a field other than a critical field (currently two points), and three points per degree awarded in a critical field (currently 2.25 points).

Currently the Texas Association of Community Colleges has recommended funding in the amount of \$1,833,200,000 for the consideration of the 87th Legislature.

Summary of Recommendations

	2020-2021 Appropriations		2022-2023 Appropriation Request			nount hange	Percent Change
	((millions)	((millions)	(n	nillions)	
Core Operations	\$	68.0	\$	100.0	\$	32.0	47.1%
Success Points	\$	228.3	\$	282.8	\$	54.5	23.9%
Contact Hours	\$	1,533.7	\$	1,447.2	\$	(86.5)	-5.6%
Bachelor of Applied Technology	\$	3.2	\$	3.2	\$	-	
Workforce Initiative	\$	-	\$	50.0	\$	50.0	
Total	\$	1,833.2	\$	1,883.2			

Enrollment: The College had a decrease (1%) in enrollment (fulltime student equivalent) during 2020 but saw an increase in contact hours (3%).

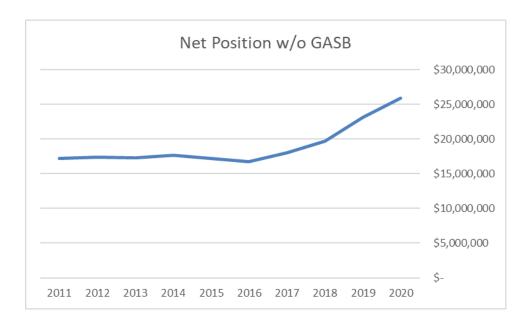

Quality Enhancement Plan: During the 2020 year, the College continued the implementation of the five-year Quality Enhancement Plan (QEP) – "RISE to the top". This plan is designed to enhance student engagement and critical thinking using resources and student interactions (**R**esources + **I**nteractions = **S**tudent **E**ngagement). "RISE to the top" first year activity was the course, "First Year Experience". The second-year activity was student learning through service and evaluation of the efficacy of the first-year course. The third year continued as faculty and staff workshops provided professional development opportunities focused on Collaborative Learning and Student Research projects. 2018 was the fourth year which brought Capstone classes and internship opportunities. During 2020, the focus for Rise to the Top was providing undergraduate research opportunities.

Texas Pathways: Texas Pathways is an initiative to encourage student success through the use of guided pathways; allowing students to make broad choices regarding "mega majors" much earlier in their educational journey. The pathways have been designed to go both "up" to four-year institutions and "down" to K-12 ISDs. Southwest Texas Junior College, being in the first cadre of the community colleges, has named its pathways CAPS (Career and Academic Pathways). CAPS for all technical programs and academic programs have been completed, transfer plans are posted, and College personnel are involving high school counselors in the process. The year 2021 will see full scale implementation of pathways.

STEMward Bound: The College was awarded a Title V grant (\$2.7 million/five-years) that has enhanced the ability to increase the number of students pursuing STEM (science, technology, engineering, and math) related degrees. During the year, this grant was used to develop a Makerspace on the Uvalde campus. This lab allows student to come together and collaborate on engineering and technology-based projects. Another lab was opened on the Eagle Pass campus in the year 2020. After year end, SWTJC, Angelo State University and the Uvalde Independent School district signed 1+1+2 articulation agreement allowing a high school student to begin either a civil or mechanical engineering degree in high school with seamless transfers throughout. This is the first time in Texas that such an articulation agreement has been reached to carry an engineering degree from high school straight through to completion.

Rural Utilities Services: The U.S. Department of Agriculture awarded Southwest Texas Junior College with a \$1 million Rural Utility Services grant. The money from this grant award allowed SWTJC to update most of its distance learning and video bridge technology, enhancing learning opportunities for students, both dual credit and traditional. The equipment at the Del Rio campus was not included in the grant, during 2020 the College upgraded the technology in Del Rio.

Accounting Changes: In 2015, all community colleges were required to report their portion of unfunded pension balances and, in 2018, other post-employment benefits were added to the reporting. This has caused fund balances to be negative. However, a much clearer picture of the financial health of the College is presented when these entries are removed. Southwest Texas Junior College shows an increase in net position (without pension and OPEB GASB entries) from 2019 to 2020 of \$2,781,706.

1. Reporting Entity

Southwest Texas Junior College (SWTJC) was established in 1946, in accordance with the laws of the State of Texas, to serve the educational needs of the Tri-county District (Real, Zavala, and Uvalde Counties) and the surrounding communities. The College is governed by a seven member Board of Trustees elected from the three counties of which the district is comprised. Members are elected at large from each of the counties. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While SWTJC receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

2. Summary of Significant Accounting Policies

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Report Guidelines

The significant accounting policies followed by SWTJC in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges.* The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award for tuition is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

2. Summary of Significant Accounting Policies (Continued)

Title IV, Higher Education Act Program Funds

Certain Title IV HEA Program funds are received by the college to pass through to the student. These funds are initially received by the college and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and the Governor's Office of Budget and Planning by December 1.

Cash and cash equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchases.

2. Summary of Significant Accounting Policies (Continued)

Inventories

Inventories consist of consumable office supplies, physical plant supplies, and food service supplies. Inventories are valued at the "first-in, first-out" method and are charged to expense as consumed.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expenses in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles and other equipment and 5 years for telecommunications and peripheral equipment.

Unearned Revenues

Tuition and fees of \$6,411,221 and \$6,922,432 have been reported as unearned revenues at August 31, 2020 and August 31, 2019, respectively.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The college reports as a BTA (Business-Type Activity) and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are allocations from the state and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

3. Authorized Investments

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than "A" by a national investment-rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

4. Deposits and Investments

<u>District Policies and Legal and Contractual Provisions Governing Deposits</u>

<u>Custodial Credit Risk for Deposits</u>

State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the District complies with this law, it has no custodial credit risk for deposits.

<u>Foreign Currency Risk</u> The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit by not participating in foreign currency transactions.

District Policies and Legal and Contractual Provisions Governing Investments

Compliance with the Public Funds Investment Act

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires a governmental entity to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity; (2) portfolio diversification; (3) allowable investments; (4) acceptable risk levels; (5) expected rates of return; (6) maximum allowable stated maturity of portfolio investments; (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio; (8) investment staff quality and capabilities; and, (9) bid solicitation preferences for certificates of deposit.

Statutes authorize the entity to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit; (3) certain municipal securities; (4) money market savings accounts; (5) repurchase agreements; (6) bankers acceptances; (7) mutual funds; (8) investment pools; (9) guaranteed investment contracts; and, (10) common trust funds. The Act also requires the entity to have independent auditors perform test procedures related to investment practices as provided by the Act.

Southwest Texas Junior College is in compliance with the requirements of the Act and with local policies.

4. Deposits and Investments (Continued)

Additional polices and contractual provisions governing deposits and investments for Southwest Texas Junior College are specified below:

<u>Credit Risk</u> To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations the District limits investments to depository bank certificates of deposits and state sponsored investment pools.

<u>Custodial Credit Risk for Investments</u> To limit the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in possession of an outside party the District requires counterparties to register the securities in the name of the District and hand them over to the District or its designated agent. All of the securities are in the District's name and held by the District or its agent.

<u>Concentration of Credit Risk</u> To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the District invests in both depository bank certificates of deposits and state sponsored investment pools.

<u>Interest Rate Risk</u> To limit the risk that changes in interest rates will adversely affect the fair value of investments, the District requires the investment portfolio to have the following maturities:

Current/Operating Funds: an average weighted maturity of 365 days or less Endowment Funds: an average weighted maturity of three (3) years or less Debt Service Funds: an average weighted maturity of 365 days or less Debt Service Reserve Funds: an average weighted maturity of five (5) years or less

<u>Foreign Currency Risk for Investments</u> The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment by not investing in foreign currencies.

8. Bonds Payable

General information related to bonds payable is summarized below:

- Southwest Texas Junior College District Combined Fee Revenue Bonds, Series 2006A
- Proceeds used to construct a new facility for lessee, Sul Ross State University Rio Grande College
- Issued May 15, 2006
- Amount of issue, \$5,500,000
- Debt to be serviced through pledged lease revenue and tuition and fees
- Outstanding balance, \$3,550,000

This is a private placement issue with annual installments varying from \$205,333 to \$369,160 at a 4.48% interest rate, with the final installment due April 1, 2033.

- Southwest Texas Junior College District Combined Fee Revenue Bonds, Series 2012
- Proceeds used to construct new classrooms and administrative offices on the Del Rio campus
- Issued October 18, 2012
- Amount of issue, \$7,500,000
- Debt to be serviced through pledged lease revenue and tuition and fees
- Outstanding balance, \$5,525,000

This is a private placement issue with annual installments varying from \$108,327 to \$522,024 at a 3.19% interest rate, with the final installment due April 1, 2033.

- Southwest Texas Junior College District Combined Fee Revenue Bonds, Series 2014
- Proceeds used to construct a library and classrooms on the Eagle Pass campus, a library at the Crystal City facility, and update facilities on the Uvalde campus
- Issued March 20, 2014
- Amount of issue, \$10,000,000
- Debt to be serviced through pledged lease revenue and tuition and fees
- Outstanding balance, \$7,780,000

This is a public placement issue with annual installments varying from \$737,906 to \$742,663 at interest rates varying from 2% to 4.5%, with the final installment due October 1, 2033.

8. Bonds Payable (Continued)

- Southwest Texas Junior College District Combined Fee Revenue Bonds, Series 2014A
- Proceeds used to purchase and renovate property in Eagle Pass to be used for classrooms and labs for a technical campus
- Issued October 15, 2014
- Amount of issue, \$3,000,000
- Debt to be serviced through pledged lease revenue and tuition and fees
- Outstanding balance, \$2,160,000

This is a private placement issue with annual installments varying from \$38,180 to \$269,219 at a 3.32% interest rate, with the final installment due October 1, 2029.

- Combined Fee Revenue Refunding Bonds, Series 2016
- Original proceeds used to construct a new student services building and remodel existing office areas
- Issued refunding bonds on August 11, 2016
- Amount of issue, \$2,540,000
- Debt to be serviced through pledged lease revenue and tuition and fees
- Outstanding balance, \$1,990,000

This is a public placement issue with annual installments varying from \$208,000 to \$215,600 at interest rates varying from 2% to 4%, with the final installment due April 1, 2032.

9. Maintenance Tax Notes

General information related to notes payable is summarized below:

- Southwest Texas Junior College Maintenance Tax Notes, Series 2012
- Proceeds used to complete Energy Performance contract and deferred maintenance
- Issued July 26, 2012
- Amount of issue, \$2,500,000
- Debt to be serviced through ad valorem revenue, tuition and fees, and energy savings
- Outstanding balance, \$990,000

This is a private placement issue with annual installments varying from \$60,580 to \$261,469 at a 2.39% interest rate, with the final installment due February 1, 2024.

10. Short-Term Debt

The college had short-term debt in the fiscal years ended August 31, 2020 and August 31, 2019. It was used to finance the expansion of the college's Crystal City campus and the purchase of fleet vehicles. The notes are secured by CDs at an annual interest rate equal to 1% over the collateralized CD rate.

	Balar Septembe		Addition	ns	Re	ductions		ance 31, 2020
Roofs	\$	207,541	\$ 377,4	.11	\$	100,000	\$	484,952
	Balar Septembe		Additior	ns	Re	ductions		ance 31, 2019
	Septembe	1 1, 2010	Addition	13	110	auctions	August	31, 2019
Crystal City Campus	\$	66,020	\$	-	\$	66,020	\$	-
Roofs		307,541		-		100,000		207,541
Fleet Vehicles		50,000				50,000		
Total	\$	423,561	\$		\$	216,020	\$	207,541

The entire balance is reported as current. The college will service this debt on a 12 year schedule, or until the rate of interest based on the pledged CDs is unfavorable. At that time, the balance will be financed using the most advantageous method.

11. Employees' Retirement Plan

The State of Texas has joint contributory retirement plans for almost all of its employees. One of the primary plans in which the College participates is administered by the Teacher Retirement System of Texas.

Teacher Retirement System of Texas

Plan Description. The Southwest Texas Junior College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report is at https://www.trs.texas.gov/TRS%20Documents/cafr_2019.pdf (select *About TRS*, then *Publications*, then *Financial Reports*) or write to TRS at 1000 Red River Street, Austin, TX, 78701-2698.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLA). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

11. Employees' Retirement Plan (Continued)

Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

In May 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (Senate Bill 12) that provides for gradual contribution increases from the State, participating employers and active employees to make the pension fund actuarially sound. Because this action causes the pension fund to be actuarially sound, the Legislature approved funding for a 13th check in September 2019. All eligible members retired as of December 31, 2018 received an extra annuity check in either the matching amount of their monthly annuity or \$2,000, whichever was less.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution Rates

Member Non-Employer Contributing Entity (State) Employers	2020 7.7% 7.5% 7.5%	2019 7.7% 6.8% 6.8%
SWTJC 2020 Employer Contributions SWTJC 2020 Member Contributions SWTJC 2019 NECE On-behalf Contributions		\$694,726 \$1,209,324 \$411,696

SWTJC's contributions to the TRS pension plan in 2020 were \$694,726 as reported in the Schedule of SWTJC's Contributions for pensions in the Required Supplementary Information section of these financial statements. Estimated State of Texas on-behalf contributions for 2020 were \$559,908.

11. Employees' Retirement Plan (Continued)

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers.

Public junior colleges or junior college districts are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions. The total pension liability in the August 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date August 31, 2018, rolled forward

to August 31, 2019

Actuarial Cost Method Individual Entry Age Normal

Asset Valuation Method Market Value

Single Discount Rate 7.25% Long-term Expected Rate 7.25% Municipal Bond Rate as of August 2019 2.63%*

Last year ending August 31 in

Projection period (100 years) 2116 Inflation 2.3%

Salary Increases including inflation 3.05% to 9.05%

Ad hoc post-employment benefit changes None

^{*} Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index." Source: Teacher Retirement System of Texas 2019 Comprehensive Financial Annual Report Page 77.

11. Employees' Retirement Plan (Continued)

The actuarial methods and assumptions were selected by the TRS Board of Trustees based upon analysis and recommendations by the system's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the plan. The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2018.

Discount Rate. The discount rate used to measure the total pension liability was 7.25 percent. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers, and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the system's target asset allocation as of August 31, 2019, are summarized below:

11. Employees' Retirement Plan (Continued)

11. Employees' Retirement Plan (Continued)

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the 2019 Net Pension Liability.

	1% Decrease in	Discount Rate	1% Increase in		
	Discount Rate 6.25%	7.25%	Discount Rate 8.25%		
SWJTC's proportionate					
share of the net pension					
liability:	\$ 13,803,654	\$ 8,980,058	\$ 5,072,014		

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2020, the College reported a liability of \$8,980,058 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

The net pension liability was measured as of August 31, 2018 and rolled forward to August 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on the College's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2018 thru August 31, 2019.

At the measurement date of August 31, 2019, the employer's proportion of the collective net pension liability was 0.0172749480%, which was a decrease of 0.00030918640% from its proportion measured as of August 31, 2018.

Changes Since the Prior Actuarial Valuation

- The single discount rate as of August 31, 2018, was a blended rate of 6.907%, and that has changed to the long-term rate of return of 7.25% as of August 31, 2019.
- With the enactment of SB 3 by the 86th Texas Legislature, 2019, an assumption has been made about how this would impact future salaries. It is assumed that eligible active members will each receive a \$2,700 increase in fiscal year 2020. This is in addition to the salary increase expected in the actuarial assumptions.

11. Employees' Retirement Plan (Continued)

The Texas Legislature approved funding for a 13th check in September 2019. All
eligible members retired as of December 31, 2018 received an extra annuity check in
September 2019 in either the matching amount of their monthly annuity payment or
\$2,000, whichever was less.

For the year ended August 31, 2020, the College recognized pension expense of \$960,531 and revenue of \$960,531 for support provided by the State. Refer to the August 31, 2020 Schedule of On-Behalf Contributions for this information posted on the TRS website under GASB Statements 67 & 68.

At August 31, 2020, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Differences between expected and actual economic experience	\$ 37,724	\$ 311,802
Changes in actuarial assumptions	2,786,055	1,151,330
Difference between projected and actual investment earnings	90,170	
Changes in proportion and difference between the employer's		
contributions and the proportionate share of contributions	251,392	682,023
Contributions paid to TRS subsequent to the measurement date	694,726	
Total	\$ 3,860,067	\$ 2,145,155

The net amounts of the employer's balances of deferred outflows and (inflows) of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31,	Pension Expense
2021	\$124,122
2022	\$51,546
2023	\$446,111
2024	\$409,985
2025	\$77,796
Thereafter	(\$89,373)

Optional Retirement Plan

Plan Description. The state has also established an optional retirement program for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

11. Employees' Retirement Plan (Continued)

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.6% and 6.65%, respectively. The College contributes 7.50% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. Senate Bill (SB) 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the State for the College was \$559,908 and \$665,288 for the fiscal years ended August 31, 2020 and 2019, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

The total payroll for all College employees was \$19,522,957 and \$19,526,926 for fiscal years 2020 and 2019, respectively. The total payroll of employees covered by the Teacher Retirement System was \$15,705,503 and \$15,119,881, and the total payroll of employees covered by the Optional Retirement Program was \$2,525,089 and \$2,530,127 for fiscal years 2020 and 2019, respectively.

12. Deferred Compensation Program

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. The plan is essentially an unfunded promise to pay by the employer to each of the plan participants.

13. Compensated Absences

The College's policy is that an employee may accumulate vacation leave, at year-end, up to a maximum of 40 hours. Accumulated vacation leave shall be forfeited unless used by November 30. Any unused vacation leave in excess of this maximum roll-over shall be forfeited on August 31. Sick leave, which can be accumulated to a maximum of 90 days, is earned at the rate of six hours per month. The maximum sick leave that may be paid to a retired employee after 20 years or more of service or an employee's estate is limited to one month's pay for 30 days or more of unused sick leave. The College's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements because experience indicates the expenditure for sick leave to be minimal.

14. Disaggregation of Receivables and Payables Balances

Receivables

Receivables at August 31, 2020 were as follows:

Student Receivables	\$ 4,908,507
Federal Receivables	1,538,431
Accounts Receivables	675,300
Other Receivables	-
Subtotal	7,122,238
Allowance for Doubtful Accounts	1,588,465
Total Receivables (Exhibit 1)	\$ 5,533,773

Receivables at August 31, 2019 were as follows:

Student Receivables	\$ 4,639,769
Federal Receivables	752,218
Accounts Receivables	889,361
Other Receivables	-
Subtotal	6,281,348
Allowance for Doubtful Accounts	1,416,688
Total Receivables (Exhibit 1)	\$ 4,864,660

Payables

Payables at August 31, 2020 and August 31, 2019 were as follows:

		August 31, 2020	August 31, 2019
Vendor Payables (Exhibit 1)	\$_	844,358 \$	672,504
Accrued Interest Payable	\$	274,098 \$	294,148
Accrued Workers Compensa	ation	15,274	25,326
Other		(109)	93,527
Accrued Liabilities (Exhibit 1)	\$	289,263 \$	413,001

15. Operating Lease Commitments and Rental Agreement

Obligations under operating leases to the Foundation at August 31, 2020 were as follows:

Agreement Year	Property	Annual Due		
2014	Eagle Pass Campus	\$	190,800	60 Years
2019	Eagle Pass Tech Addition	\$	48,000	5 Years

These leases do not meet the criteria of a capital lease and are recorded as operating leases.

Included in the Foundation's revenue and the college's operating expenses are the following amounts of rent under operating leases:

	Year Ended		Υe	ar Ended
	August 31,		Α	ugust 31,
	2020		2019	
Operating Expenses				
Rental Expense - SWTJC	\$	238,800	\$	218,800
Foundation Rental Income	\$	238,800	\$	218,800

The following is a schedule by years of future minimum rental payments from the College to the Foundation required under these operating leases that have an initial term in excess of one year as of August 31, 2020.

	Mini	Minimum Future	
	Ren	tal Payments	
2021	\$	238,800	
2022		238,800	
2023		238,800	
2024		210,800	
Thereafter		190,800	
Required Total Minimum Payment	\$	1,118,000	

16. Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2 and Schedule A. For federal contracts and awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

17. Self-Insured Plans

The College has various self-insured arrangements for coverage in the areas of workers' compensation and unemployment compensation. The plans are on a pay-as-you-go basis, in which no assets are set aside. Accrued liabilities are generally based on actuarial valuation and represent the present value of unpaid expected claims. Estimated future payments for incurred claims are charged to current funds expenditures.

18. Post-Retirement Health Care and Life Insurance Benefits

In addition to providing pension benefits, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the state. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee for the years ended August 31, 2020 and August 31, 2019 was approximately \$625 and \$625 per month, respectively, and totaled \$1,588,969 and \$1,634,991 for each year, respectively. The cost of providing those benefits for retirees is not separable from the cost of providing benefits for the active employees.

19. Other Post-Employment Benefits (OPEB)

Plan Description. The College participates in a cost-sharing, multiple-employer, other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position. Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial Report (CAFR) that includes financial statements, notes to the financial statements and required supplementary information. That report may be obtained on the Internet at https://ers.texas.gov/About-ERS/Reports-and-Studies/Reports-on-Overall-ERS-Operations-and-Financial-Management/2019-CAFR.pdf; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377.

Benefits Provided. Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions. Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance.

19. Other Post-Employment Benefits (OPEB) (Continued)

Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

Maximum Monthly Employer Contribution Retiree Health and Basic Life Premium

Fiscal Year 2019

Retiree Only	\$624.82
Retiree & Spouse	\$982.82
Retiree & Children	\$864.52
Retiree & Family	\$1,222.52

Contributions of premiums to the GBP plan for the current and prior fiscal years by source are summarized in the following table.

Premium Contributions by Source Group Benefits Program Plan

For the Years Ended August 31, 2020 and 2019

	<u>2020</u>	<u>2019</u>
Employers	\$2,387,357	\$1,865,313
Members (Employees)	\$717,424	\$763,120
Nonemployer Contributing Entity (State of Texas)	\$1,588,969	\$1,572,452

19. Other Post-Employment Benefits (OPEB) (Continued)

Actuarial Assumptions. The total OPEB liability was determined by an actuarial valuation as of August 31, 2019 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Assumptions ERS Group Benefits Program Plan

Valuation date August 31, 2019

Actuarial cost method Entry Age

Amortization method Level Percent of Payroll, Open

Amortization period 30 Years
Asset valutation methold Not applicable

Discount rate 2.97%

Projected annual salary increase (includes inflation) 2.50% to 9.50%

Annual healthcare trend rate 7.30% for FY2021, 7.40% for FY2022, 7.00% for FY2023,

decreasing 0.50% per year to 4.50% for 2028 and later years

Inflation assumption rate 2.50%

Ad hoc postemployment benefit changes None

Mortality assumptions
Service retirees, survivors and other inactive members
Tables based on TRS experience

with Ultimate MP Projection

Scale projected from the year 2018.

Disability retirees Tables based on TRS experience

with Ultimate MP PProjection

Scale projected from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100

female members.

Active members Sex District RP-2014 Employee

Mortality multiplied by 90% with Ultimate MP Projection Scale form the year 2014.

Source: 2019 ERS CAFR except for mortality assumptions obtained from ERS 2019 GASB 74 Actuarial Valuation

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period (ex. September 1, 2010 to August 31, 2017) for higher education members.

19. Other Post-Employment Benefits (OPEB) (Continued)

Investment Policy. The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4% (see August 31, 2019 ERS CAFR, OPEB footnote).

Discount Rate. Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 3.96%. The discount rate used to measure the total OPEB liability as of the end of the measurement year was 2.97%, which amounted to a decrease of 0.99%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis. The following schedule shows the impact on SWTJC's proportionate share of the collective net OPEB Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (2.97%) in measuring the net OPEB Liability.

	1% Decrea	se in			1% Incr	ease in
	Discount Rate	1.97%	Discount	Rate 2.97%	Discount F	Rate 3.97%
SWTJC's proportionate share of						
the net OPEB liability (in						
thousands):	\$	31,550	\$	26,439	\$	22,506

Healthcare Trend Rate Sensitivity Analysis. The initial healthcare trend rate is 7.3% and the ultimate rate is 4.5%. The following schedule shows the impact on SWTJC's proportionate share of the collective net OPEB Liability if the healthcare cost trend rate used was 1 percent less than and 1 percent greater than the healthcare cost trend rate that was used in measuring the net OPEB Liability.

	1% Decrease in	Current Healthcare	1% Increase in
	Healthcare Cost	Cost Trend Rates	Healthcare Cost
	Trend Rates 6.30%	7.30% decreasing	Trend Rates 8.30%
	decreasing to 3.50%	to 4.50%	decreasing to 5.50%
SWTJC's proportionate share of			
the net OPEB liability (in			
thousands):	\$ 22,200	\$ 26,439	\$ 31,977

19. Other Post-Employment Benefits (OPEB) (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At August 31, 2020, SWTJC reported a liability of \$26,438,822 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State support provided to SWTJC for OPEB. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

SWTJC's Proportionate share of the collective net OPEB liability	\$ 26,438,822
State's proportionate share that is associated with SWTJC	 18,842,580
Total	\$ 45,281,402

The net OPEB liability was measured as of August 31, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2018, thru August 31, 2019.

At the measurement date of August 31, 2019, the employer's proportion of the collective net OPEB liability was .07649530%.

For the year ended August 31, 2020, SWTJC recognized OPEB expense of \$1,588,969 and revenue of \$1,588,969 for support provided by the State.

Changes Since the Prior Actuarial Valuation – Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- The percentage of future retirees and future retiree spouses assumed to use tobacco have been updated to reflect recent plan experience and expected trends.
- Assumed Per Capita Health Benefit Costs and assumed Health Benefit Cost and Retiree Contribution trends have been updated to reflect recent experience and its effects on our shortterm expectations.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future male retirees assumed to be married and electing coverage for their spouse.
- The discount rate assumption was decreased from 3.96% to 2.97% to utilize the updated yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

19. Other Post-Employment Benefits (OPEB) (Continued)

Changes of Benefit Terms Since Prior Measurement Date. There were none.

At August 31, 2020, SWTJC reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred		Deferred
	Outflows		Inflows
	of Resources		of Resources
Differences between expected and actual			
economic experience	\$ -	\$	687,962
Changes in actuarial assumptions	1,881,510		5,908,074
Difference between projected and actual			
investment earnings	10,870		-
Changes in proportion and difference			
between the employer's contributions and the			
proportionate share of contributions	6,413,722		1,322,815
Contributions paid to ERS subsequent to the			
measurement date	295,422		-
Totals	\$ 8,601,524	\$	7,918,851

The net amounts of the College's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended	OPEB Expense
August 31:	Amount
2021	(\$337,631)
2022	(\$337,631)
2023	\$387,296
2024	\$619,335
2025	\$55,886
Thereafter	\$0

20. Property Tax

The College's Ad Valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the College District.

	August 31, 2020	A	ugust 31, 2019	
Assessed Valuation Less: Exemptions	\$ 4,124,728,428 285,419,035	\$	3,713,311,896 365,651,151	
Net Assessed Valuation	\$ 3,839,309,393	\$	3,347,660,745	

Authorized tax rates for the College for years 2020 and 2019 were as follows:

August 31, 2020	Current Operations				Total		
Maximum tax rates per \$100 valuation	\$			\$ 0.5000		1.0000	
Adopted tax rate per \$100 valuation	\$	0.1614	\$	-	\$	0.1614	
August 31, 2019	C	Current	D	ebt			
	Op	erations	Se	rvice		Total	
Maximum tax rates per \$100 valuation	\$	0.5000	\$ 0	.5000	\$	1.0000	
Adopted tax rate per \$100 valuation	\$	0.1652	\$	-	\$	0.1652	

Taxes levied for the years ended August 31, 2020 and August 31, 2019, respectively, were \$5,980,763 and \$5,491,983. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

20. Property Tax (Continued)

August 31, 2020	Current		Debt			
Taxes Collected	Operations		Service		Total	
Current Taxes Collected	\$	5,751,702	\$	-	\$ 5,751,702	
Delinquent Taxes Collected		192,245		-	192,245	
Penalties and Interest Collected		108,139			108,139	
Total Collections	\$	6,052,086	\$		\$ 6,052,086	

Tax collections for the year ended August 31, 2020 were 96.17% of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance or operations or interest and sinking expenditures.

August 31, 2019	Current		Debt			
Taxes Collected	Operations		Service		Total	
Current Taxes Collected	\$	5,296,200	\$	-	\$ 5,296,200	
Delinquent Taxes Collected		150,841		-	150,841	
Penalties and Interest Collected		111,514			111,514	
Total Collections	\$	5,558,555	\$		\$ 5,558,555	

Tax collections for the year ended August 31, 2019 were 96.44% of the current tax levy. Allowance for uncollectible taxes is based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance or operations or interest and sinking expenditures.

21. Income Taxes

The College is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The College had no unrelated business income tax liability for the year ended August 31, 2020 or August 31, 2019.

The College's blended component unit, the Foundation, is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Foundation is not a private foundation within the meaning of Section 509(a) of the Internal Revenue Code, because it is an organization described in section 509(a)(3).

22. Component Units

Southwest Texas Junior College Foundation, Inc. - Discrete Component Unit

Southwest Texas Junior College Foundation, Inc. (the Foundation) was established as a separate nonprofit organization in 1989, for the purpose of providing facilities to allow the College to serve the educational needs of communities outside of the College's taxing district. Excess revenue is to be donated to Southwest Texas Junior College as scholarships. Under Governmental Standards Board Statement No. 39, Determining Whether Certain Organizations are Component Units, the Foundation is a component unit of the College because:

The governing Board of the Foundation and the College are the same; therefore, the College can and does exercise oversight responsibility. Additionally, services rendered by the Foundation are provided entirely or almost entirely to the College and the relationship between the College and the Foundation is such that exclusion would cause the College's financial statements to be misleading or incomplete.

Accordingly, the Foundation's financial statements are included in the College's annual report as a discrete component unit (see table of contents). Complete financial statements of the Southwest Texas Junior College Foundation, Inc. can be obtained from the administrative office of Southwest Texas Junior College.

REQUIRED SUPPLEMENTARY SCHEDULES

SOUTHWEST TEXAS JUNIOR COLLEGE SCHEDULE OF SWTJC'S SHARE OF NET PENSION LIABILITY LAST TEN FISCAL YEARS

Fiscal year ending August 31*,	 2019**	2018**	2017**	2016**	2015**	2014**

SOUTHWEST TEXAS JUNIOR COLLEGE NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED AUGUST 31, 2020

1. Notes to Schedules for TRS Pension

Changes of Benefit Terms.

There were no changes of benefit terms that affected measurement of the total pension liability during the year ended August 31, 2020.

Changes of Assumptions.

The actuarial methods and assumptions were selected by the TRS Board of Trustees based upon analysis and recommendations by the system's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the plan. The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2018.

2. Notes to Schedules for the ERS OPEB Plan

Changes of Benefit Terms.

There were no changes of benefit terms that affected measurement of the total Other Postemployment Benefits (OPEB) liability during the year ended August 31, 2020.

SOUTHWEST TEXAS JUNIOR COLLEGE NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED AUGUST 31, 2019

2. Notes to Schedules for the ERS OPEB Plan (Continued)

Changes in Assumptions.

The following assumptions have been changed since the previous Other Postemployment Benefits (OPEB) valuation:

- The percentage of future retirees and future retiree spouses assumed to use tobacco have been updated to reflect recent plan experience and expected trends.
- Assumed Per Capita Health Benefit Costs and assumed Health Benefit Cost and Retiree Contribution trends have been updated to reflect recent experience and its effects on our short-term expectations.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future male retirees assumed to be married and electing coverage for their spouse.
- The discount rate assumption was decreased from 3.96% to 2.97% to utilize the updated yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Note 2: Significant accounting policies used in preparing the schedule

The expenditures included in the schedule are reported for the college's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the college for the purpose of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitation and restrictions imposed by the funding agencies. The college has followed all applicable guidelines issued by various entities in the preparation of the schedule.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

Independent Auditor's Report

Board of Trustees Southwest Texas Junior College 2401 Garner Field Road Uvalde, Texas 78801

Members of the Board:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Southwest Texas Junior College, as of and for the year ended August 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Southwest Texas Junior College's basic financial statements, and have issued our report thereon dated December 1, 2020. The financial statements of the Southwest Texas Junior College Foundation, Inc., a component unit of Southwest Texas Junior College, included in the accompanying basic financial statements, were not audited in accordance with standards applicable to financial audits contained in *Governmental Auditing Standards* and accordingly this report does not extend to that component unit.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Southwest Texas Junior College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwest Texas Junior College's internal control. Accordingly, we do not express an opinion on the effectiveness of Southwest Texas Junior College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Texas Public Funds Investment Act

We have also performed tests designed to verify the College's compliance with the requirements of the Texas Public Funds Investment Act. During the year ended August 31, 2020, no instances of noncompliance were found.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwest Texas Junior College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE TEXAS SINGLE AUDIT CIRCULAR

Board of Trustees Southwest Texas Junior College 2401 Garner Field Road Uvalde, Texas 78801

Members of the Board:

Report on Compliance for Each Major Federal and State Program

We have audited Southwest Texas Junior College's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Texas Single Audit Circular* that could have a direct and material effect on each of Southwest Texas Junior College's major federal and state programs for the year ended August 31, 2020. Southwest Texas Junior College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southwest Texas Junior College's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the *Texas Single Audit Circular*. Those standards and the Uniform Guidance, and the Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Southwest Texas Junior College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Southwest Texas Junior College's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Southwest Texas Junior College, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2020.

Report on Internal Control Over Compliance

Management of Southwest Texas Junior College, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwest Texas Junior College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwest Texas Junior College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, and the Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

SOUTHWEST TEXAS JUNIOR COLLEGE SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED AUGUST 31, 2020

I. Summary of the Auditor's Result

Financial Statements

The type of report issued on the financial statements of the Southwest Texas Junior College was an unqualified opinion.

Internal control over financial reporting:

1. Material weakness identified

Significant deficiencies identified but not considered material

None Reported

The audit disclosed no conditions of noncompliance which are material to the financial statements of the College.

Federal Awards

Internal control over major programs:

1. Material weakness identified

No

Nο

2. Significant deficiencies identified but not considered material

None Reported

The type of report the auditor issued on compliance for major programs was an unqualified opinion.

The audit disclosed no audit findings which are required to be reported under section 510(a) of Circular A-133 or section .510(a) of The State of Texas Single Audit Circular.

Major Federal Programs of the College

Student Financial Aid Cluster

Pell Grant CFDA 84.063
College Work Study CFDA 84.033
Supplemental Education Opportunity Grant CFDA 84.007
Federal Direct Student Loan CFDA 84.268

CARES Student Aid CFDA 84.425E

Major State Programs of the College

Texas Educational Opportunity Grant

The dollar threshold to distinguish between Type A and Type B federal programs was \$750,000. The dollar threshold to distinguish between Type A and Type B state programs was \$300,000.

The College was determined to be a low risk auditee for both federal and state programs.

II. Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards.

NONE

III. Findings and Question Cost for Federal and State Awards Including Audit Findings.

NONE

Notes:

FTSE is the number of fulltime students (12+ sch) plus part-time student's semester credit hours divided by 12 for fall/spring terms or 6 for summer terms.

- (a) Source: CBM001. For each term in the academic year, FTE is calculated and summed for the total AY FTSE.
- (b) Source: CBM004. Academic year funded contact hours by course type.

^{*}Includes appropriation for education and general state support
