

Nippersink District 2 Board of Education

The mission of Nippersink District 2 is to foster academic growth, instill integrity, confidence, and civic responsibility while preparing all students for an ever-changing global society.

Curriculum, Instruction, Program

On Friday, March 14th, Nippersink Middle School will be one of several area middle schools to visit the McHenry County College campus for a valuable career exploration event. This initiative aims to provide students with insights into various career options and to help them prepare for their transition to high school. The event will feature a range of activities leading up to, during, and following the visit. Students will have the opportunity to investigate different career paths and engage with MCC programs as well as local professionals from those fields.

School Celebrations

The Nippersink Middle School Music Department hosted a Solo & Ensemble contest on Saturday, February 8, from 8:00 am - 12:00 pm. 75 Nippersink Music students participated in this event, preparing either a solo or small ensemble piece. The students performed for a judge (including professional musicians and music educators), and then had a short clinic with their judge where they received feedback on their performance. The students were scored on their performances and given a rating of 1, 2, or 3. The students who received a "1" or perfect score were:
