Contact Information:

2015 ToolCat High Flow/Low Hours - \$57,500 (Bigfork)

image 1 of 3

condition: **excellent**

delivery available

engine hours (total): **1300**make / manufacturer: **BobCat**model name / number: **ToolCat 5600**

High Flow Unit under 1,300 hours. Enclosed Cab with Heat, AC, Radio and Back Up Camera. Price includes Snowblower, Sand Spreader, Bucket, Pallet Forks. Will sell without attachments for \$50,000. The unit is in very good condition, always garaged, and has been serviced at all required intervals. Selling because I purchased a skid steer at about the same time and I don't need both pieces of equipment. I will not consider low ball offers and I am not interested in trades. I will include chains currently on the unit if purchased with all attachments. The unit is in Bigfork and I will consider delivery in the local area. Thank You
