

## Proposed Application to TEA Low Attendance Waiver

This waiver would remove March 9, 2016 from the days used when calculating average daily attendance for the school district.

*TEA: Districts or campuses can request a waiver to excuse any instructional days from ADA and FSP funding calculations that have attendance at least 10 percentage points below the last school year's average attendance due to inclement weather, health, or safety-related issues.*

**Justification for low attendance:** Inclement weather: regional flooding.

**2014-2015 ADA:** 95.83% in attendance

**Elementary:** 95 absences (71.5% in attendance)

**Middle School:** 65 absences (77% in attendance)

**High School:** 101 absences (67.6% in attendance)

**District total:** 261 absences (72% in attendance)
