Concerns/Needs:

The Big Sky & Glendale teachers are working to complete the year-end strong and have begun planning, purchasing, and preparing for next school year.

GLENDALE COLONY SCHOOL

Submitted by: Cindy Show

Greetings from Glendale,

April was a very busy test month for the students. The 3rd through 8th graders completed the SBAC ELA and math portion of the test. All students participated in the year end writing assessment and showed their exceptional writing skills. On a 6 point scale, with 4-6 being proficient to advanced, the 4th through 8th graders scored between a 4.2 to a 5.9.

We had our regular monthly visits from Mrs. Shea, the GNP rangers, and counseling with Mrs. Hall-Reagan. All visitors had wonderful lessons but I think the highlight of the month was viewing the eclipse.

We have two graduates this year, Jolene Wipf and Tim Wipf. The graduation ceremony will take place on Wednesday May 22nd @ 12:45. If possible, we would love to have you attend the ceremony.

Thank you for all your support!

Your partner in education,
Cindy Show
Glendale teacher

BIG SKY COLONY SCHOOL

Submitted by: Ellen Christoferson & Jackie Racine

During the month of April, the students at Big Sky colony have been very busy. We have completed our SBAC testing and are gearing up for both the Writing Assessment and the final AimsWeb testing of the year.

In order to bring some spring colors into the classroom we have completed a few different art projects. This includes a tissue paper flower bouquet, a watercolor painting of many different colored flowers, and an acrylic painting of some birds. The students have really enjoyed the painting they have done!

The students continue to work on becoming more proficient typists through an animal research project they have recently started in small groups. Science has consisted of some small experiments involving gravity and air pressure. With the weather warming up, we are looking forward to spending some time outside learning and playing new PE games.

Our eighth graders are looking forward to their graduation on May 22nd at 2:15 p.m. and would like to extend an invitation for you to attend. We are gearing up and planning a small ceremony with a little bit of entertainment.
