

MAY 2020 ACTIVITIES BOARD REPORT

May quote to remember:

MSHSL - April 28th it was decided that spring activities have been cancelled. Spring coaches are allowed to coach with limitations throughout the end of May.

Be the Light - We continue to participate in Be the Light by turning on our football/track and Baseball lights at 8:20pm every Monday for 61 minutes to honor our spring sports and honor the 61 seniors that were scheduled to graduate

Coaches - Coaches continue to communicate and follow guidelines from the state high school league with their teams.

Refunds - Refunds for spring activities have been started. If families have questions please have them call the high school office.

Girls Hockey - Royalton has expressed interest in joining our current co-op. I have only had contact with the AD from there regarding this. Not sure the level of interest currently. It was supposed to be discussed at their School Board meeting. I have informed their AD that we would need a formal letter of interest from the Royalton School Board if they were serious about wanting to join the co-op.
