PACE Outreach

We continue to advertise on multiple platforms, including Facebook, YouTube, and Google AdWords.

The ALC hosted a “meet and greet” activity in the office on September 8. A second one is planned during our November inservice. Additional activities for the year are being scheduled now.

A Competitive Lego Homeschool Robotics team will be starting next week and continuing through November with a tournament with other Ketchikan Schools.

PACE Staffing

An interview for a Craig Admin Assistant is scheduled for this Friday, September 16. The previous hire was not a good fit for the position.

School Improvement

PACE uses our A3 goals to guide our work for the year; a large focus of the 22-23 school year continues to be how we serve our at-risk students and families. Simultaneously we’re working on curriculum browser updates and ensuring our website is up-to-date and easily accessible to both current and potential families.

The first PACE inservice of the year will be in early November.
