

Information about the Relocation of the City Water Line at the High School

*On January 10, 2017 the Waskom City Council approved allocating \$5,000.00 toward the relocation of a City Water Line at Waskom High School. This \$5,000.00 funding is contingent on the fact that the Waskom ISD Board of Trustees will approve Option # 2 with the Rural Water Service Company in Beckville, Texas for \$25,916.00. This option covers the installation of 1200 ft. of 8" water line with all the necessary valves and accessories. This action by the Waskom ISD Board of Trustees will occur at the January 23, 2017 School Board Meeting.

Re: School Water Relocation

We are bidding to furnish all labor, equipment and materials for the relocation of water mains at Waskom School. We are providing pricing for the two options we discussed on site.

Option 1 - 800' - 6" water, tapping saddle and valve, 3 caps, 1 90, 2 tee, 3 gate valves, 50' casing under drive.

Total amount bid option 1 \$37,250.00

Option 2 - 1200' - 6" water, tapping saddle and valve, 6 services, 4 gate valves, 3 tees, 3 caps, 20' bore under street.

Total amount bid option 2 \$51,300.00

Respectfully submitted,
Dale Dodson
