Chris Marcy has provided a memo and last month's financials for your approval.
- 3. Approval of Board Policy Updates**
Marked changes documents were provided to the board, which essentially undo the Title IX changes that were implemented in August. This puts us back to Title IX policy prior to the August 2024 updates.
- 4. Approval of Transportation Fuel Station Upgrade**
Three bids were received on March 5, 2025 for a new fuel station at the new Maintenance/Transportation Facility. The current fuel station is underground and reaching its life expectancy. Above ground tanks are preferred and this is an ideal time to have this improvement completed. Rohr was the apparent low bidder and is recommended as the contractor for this project. Capital Projects funds will be used for this upgrade. Seeking approval of approximately \$510,000 for this project. A summary will be provided on Monday night.
