

CROSSLAKE

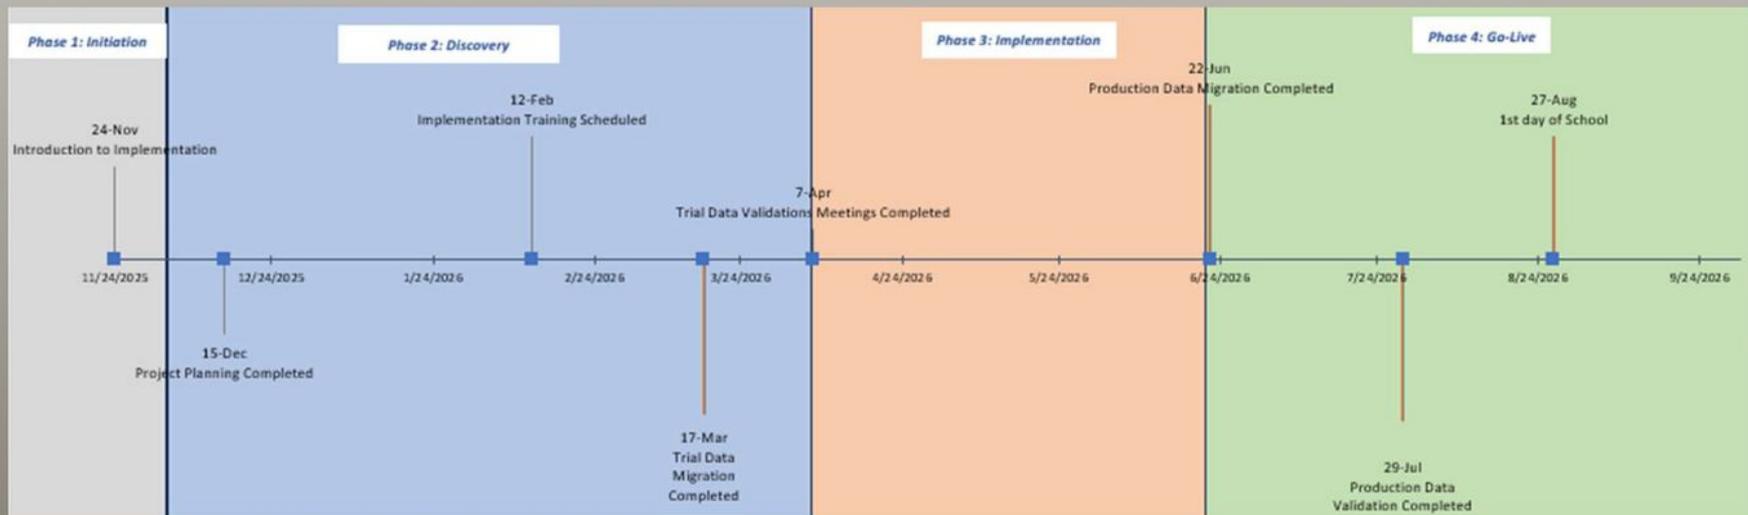

COMMUNITY SCHOOL

Infinite 
Campus

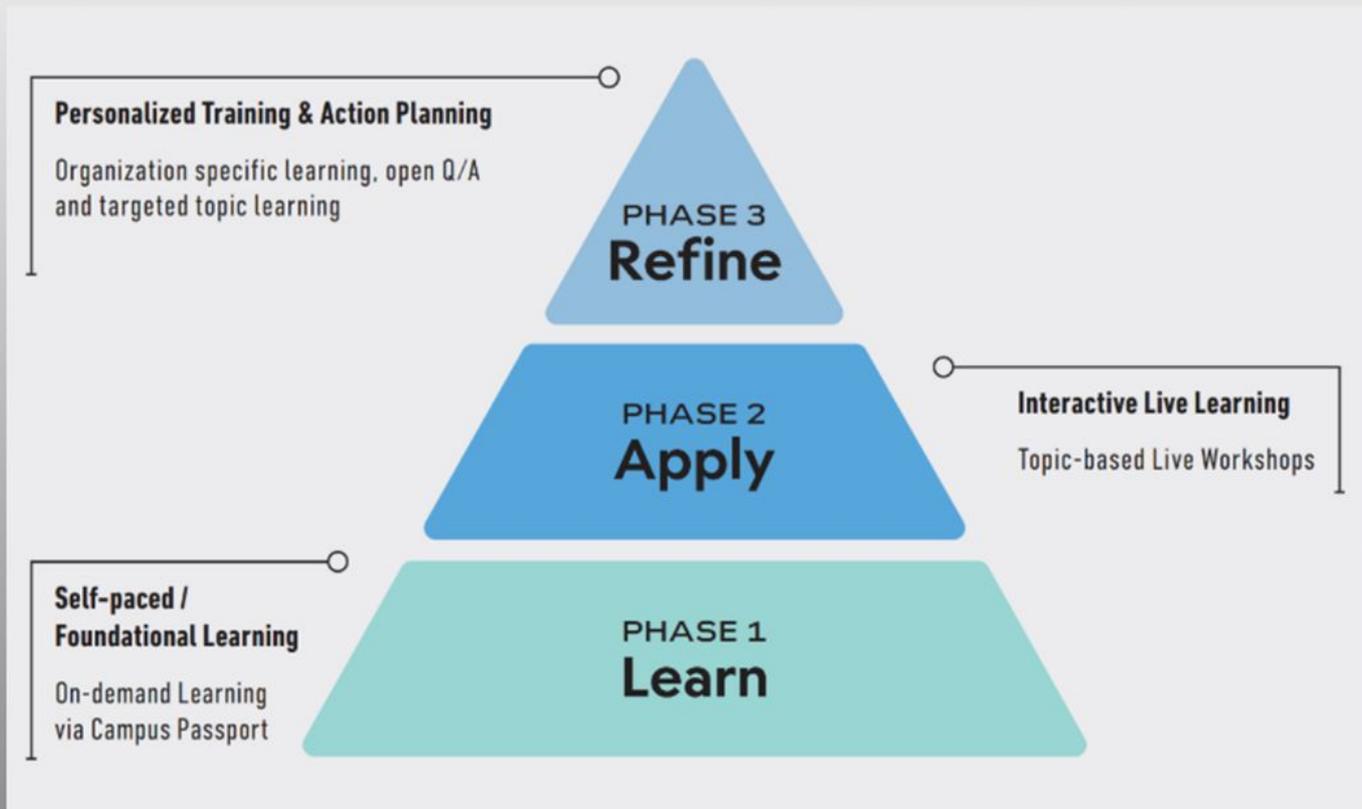

Implementation Timeline

We are currently in the Discovery Stage of Implementation

Implementation Trainings have been scheduled out through the start of the year. Currently working to finalize first week back to school.

Training and Implementation Structure

Communication with Campus

- We have an open case where we can post questions as they come up
- We meet as a team every other week to make sure we are on track and aligned with what we are working on
- Additional Implementation meetings based on teams

Current Tasks and Next Steps

- Our team is working to map data points from JMC to Campus
- Team members have access to a trial site to explore and learn
- Teams are working to watch training videos associated with their roles.
- We will get a live link to our data on March 17th to move into data validation
