Re: Renaming of the Education Annex

During the spring of 2012, a committee was formed and charged with the task of renaming the CISD Education Annex. This task was to coincide with move of the Annex to its new location by CMS North. The committee was composed of the following people:

1. Dale Hruby, chairman
2. Craig Anderson, community member
3. Ron-Marie Johnson, CISD Education Annex Principal
4. Sam Fisher, student
5. Catterin Ugarte, student
6. Thom Hulme, board member
7. Brad Hunt, CISD Administration

The committee met several times throughout the spring and using the mission of the campus, the “rebranding” work the staff had participated in, the expertise of the committee members and input from the staff, the following names for the Annex are submitted to the board for consideration:

- North Star Campus
- Victory Place
- Victory Point
