Dear Superintendent Bradford,

**State Board of  
Education**

Based on data from the 2022 State Summative Assessments, the Division of Elementary and Secondary Education will recommend to the State Board of Education at the State Board of Education meeting on March 9, 2023 that Premier High School of Springdale be placed in Accredited-Cited status under Standard 1-C.1.1 of the Standards for Accreditation for Arkansas Public Schools and School Districts because it did not meet the ninety-five percent (95%) testing requirement in Math and ELA for the 2021-2022 school year. If the State Board confirms the Division's classification the Accredited-Cited status will remain with Premier High School of Springdale throughout the 2022-2023 school year and will be reported on the final accreditation report. This would be a first-year classification. Please note that the Standards and Support Office will continue to monitor the school and district throughout the school year for additional Standards exceptions.
