

**SUBJECT:** Consideration and possible approval of a construction contract with Mobile Communications America for the 2017 Bond Transportation Center Replacement Project in the amount of \$73,487.34.

**BACKGROUND:** The scope of work includes the following:

Labor and material to install new racks, conduit, cabling, antenna and associated grounding for a fully operational radio system. The district's existing equipment will be relocated from the city water tower at Crenshaw. The MOU with the City of Pasadena to use the water tower location for our radio antennas will no longer be needed.

Base Proposal Amount: \$73,487.34

**FINAL CONTRACT AMOUNT:** \$73,487.34

Utilizing BuyBoard contract #696-23

**FINANCIAL IMPLICATIONS:** Funding of construction contract for a total of \$73,487.34 will be provided by the 2017 Bond Transportation Center Replacement Project budget.

**RECOMMENDATION:** We recommend approval of a construction contract with Mobile Communications America for the 2017 Bond Transportation Center Replacement Project in the amount of \$73,487.34.
