Subject: Public Hearing on VAISD 2006 – 2007 Academic Excellence Indicator System report

INFORMATION ITEM

Background Information

Each year we are required to have a public hearing on our AEIS results. This report contains information in a wide variety of areas. It contains includes our accountability ratings, our students performance results on TAKS by grade level and student group, student demographic data, student performance on college entrance tests, teacher demographic data, and a variety of financial reports. It is a wealth of information for anyone wishing to go through it. We keep complete copies of the report at each campus and the district office. Because we have all ready reported much of the data to you, I will provide a summary of the information contained in the AEIS during the public hearing.
