Division: Schools

Subject: Consider Approval of Pregnancy Related Services (PRS) and Compensatory Education Home Instruction (CEHI) waiver

Background Information:

- CEHI is the mandatory support service component districts offer in a PRS program. CEHI provides academic services to the student at home or hospital bedside when a valid medical necessity for confinement during the pregnancy prenatal or postpartum periods prevents the student from attending classes on a district campus. CEHI must consist of face-to-face contact with a certified teacher of the district providing academic services to the student.
- The On-Campus PRS CEHI Waiver is a waiver of the [Texas Administrative Code \(TAC\) Section 129.1025](#), Student Attendance Accounting Handbook, Section 9.
- LISD is requesting the On-Campus PRS Waiver to allow PRS CEHI to be offered on campus for eligible students during their prenatal, postpartum, and extended postpartum recovery periods of pregnancy.

Administrative Consideration:

- This waiver would allow students to meet their 4 hour homebound requirements on campus versus in the home. District practice states that an adult be present in the home during the homebound visit from the teacher, which can be difficult for the students' parents or caregivers. The PRS Waiver would also provide an opportunity for the student to obtain assistance from more teachers when they are having a difficult time with a certain subject. The waiver would also provide an opportunity for peer interaction during the 6 week homebound period as well as contiguous case management services due to the PRS office being located at the LLC.

Recommendations:

- That the LISD Board of Trustees approves the application for the On-Campus PRS Waiver
