Re: TASB Update 115

TASB Update 115 has updated legal and local policies that are based on legislation from the Session of the 86th Texas Legislature that impose changes effective with the 2020-2021 school year. There is no Board Action required for legal policy changes, however, these policies reflect the ever-changing legal context for governance and management of the district.

The local policies within Update 115 were provided to the Board prior to tonight's meeting for review. These updates are in alignment with the legal policies of Update 115 and assist the district in maintaining legal compliance. Each department that would be impacted by any change had the opportunity to review the suggested changes, give feedback and approve the policy updates proposed.

RECOMMENDATION: Board approval of the TASB Update 115 local revisions to policy is recommended.
