### Compensatory Time-Off <sup>1</sup>

This policy governs the use of compensatory time-off by employees who: (1) are covered by the overtime provisions of the Fair Labor Standards Act, 29 U.S.C. §201 et seq., and (2) are not represented by an exclusive bargaining representative.

Employees may be given 1-1/2 hours of compensatory time-off in lieu of cash payment for each hour of overtime worked. Other than as provided below, at no time may an employee's accumulated compensatory time-off exceed 240 hours, which represents compensation for 160 hours of overtime. <sup>2</sup> An employee whose work regularly includes public safety, emergency response, or seasonal activities may accumulate a maximum of 480 hours of compensatory time, which represents compensation for 320 hours of overtime. <sup>3</sup> If an employee accrues the maximum number of compensatory time-off hours, the employee: (1) is paid for any additional overtime hours worked, at the rate of one and one-half times the employee's regular hourly rate of pay, and (2) does not accumulate compensatory time-off until the employee uses an equal amount of accrued time-off. <sup>4</sup>

<sup>1</sup> The federal regulations implementing the Fair Labor Standards Act (FLSA) governs the use of "comp-time" (29 C.F.R. §§553.21-553.28 and 553.50, [e-CFR Data](#)). See IASB sample policy 5:35, *Compliance with the Fair Labor Standards Act*, for discussion of the FLSA. In order for a district to offer comp-time, it must have a compensatory time-off policy or the topic must be covered in an applicable collective bargaining agreement. This policy contains an item on which collective bargaining may be required. Any policy that impacts upon wages, hours, and terms and conditions of employment, is subject to collective bargaining upon request by the employee representative, even if the policy involves an inherent managerial right. School officials should consult with the board attorney before adopting this policy.

The terms "comp-time" and "compensatory time-off" mean paid time-off that is earned and accrued by a non-exempt employee in lieu of overtime pay for over 40 hours worked in one workweek. Compensatory time-off in lieu of overtime pay must be at the premium rate of 1.5 hours of compensatory time for each hour of overtime worked (just as the monetary rate for overtime is calculated at 1.5 times the regular rate of pay). As a condition for using comp-time in lieu of overtime pay, the employer and employee must have an "agreement or understanding" before the work is performed. Further, the employee's decision to accept comp-time must be made freely. For employees represented by an exclusive bargaining agent, the agreement to use comp-time must be between the district and the bargaining agent.

For non-exempt employees who are not covered by a collective bargaining agreement, the "agreement or understanding" concerning comp-time must be between the district and employee. See exhibit 5:310-E, *Agreement to Receive Compensatory Time-Off*. If the district had a regular practice of comp-time before April 15, 1986, that is deemed an "agreement." Notice to the non-exempt employees that comp-time will be given in lieu of overtime pay for overtime through bulletin board notices is sufficient to constitute an "agreement or understanding," provided that the decision to accept compensatory time-off is made freely.

<sup>2</sup> This sample policy contains the maximum hours that the FLSA allows an employee to accumulate. It is a ceiling that an employee may hit several times, but never go over without using some of the time-off. A school board may forfeit flexibility and set this ceiling lower.

<sup>3</sup> "Seasonal activities" include activities during periods of significantly increased demand, that are of a regular and recurring nature. A seasonal activity is not limited strictly to those operations that are very susceptible to changes in the weather. However, mere periods of short but intense activity do not make an employee's job seasonal. However, the 480-hour accrual limit will not apply to office personnel or other employees who may perform such seasonal activities only in emergency situations, even if they spend substantially all of their time in a particular workweek engaged in such activities.

<sup>4</sup> The FLSA permits a board to require that employees reduce their accumulated compensatory time or face having their supervisor schedule the compensatory time-off for them. Christensen et al. v. Harris County et al., 529 U.S. 576, 120 S.Ct. 1655, 146 L.Ed.2d 621 (2000). Such an optional provisions follows:

An employee who has accrued compensatory time-off shall be permitted to use such time in at least half-day components provided such requests do not unduly disrupt the District's operations. <sup>5</sup> The employee's supervisor must approve a request to use compensatory time-off.

Upon termination of employment, an employee will be paid for unused compensatory time at the higher of:

1. The average regular rate received by such employee during the last three years of employment; or
2. The final regular rate received by such employee.

Compensatory time-off is time during which the employee is not working and is, therefore, not counted as "hours worked" for purposes of overtime compensation.

Implementation

The Superintendent or designee shall implement this policy in accordance with the FLSA. In the event of a conflict between the policy and the FLSA, the latter shall control.

Notwithstanding the above and to avoid hardship to the District, an employee's supervisor may require the employee to reduce accumulated compensatory time, or schedule the compensatory time-off for the employee, so that the employee does not accumulate more than 75 hours of compensatory time, which represents compensation for 50 hours of overtime.

<sup>5</sup> Optional.
