

Athletic Report 12/3/12

The Volleyball and Football seasons were a great start to the year and athletic program. We always want to achieve more and will, but I feel we are making strides in the right direction. The implementation of the 8th period class for High School strength and conditioning is starting to take shape as we work out the few times that some sports cannot work out after school because of facility usage by our Junior High teams. This is not a problem and we are working out the kinks. Our Basketball teams are starting off well with the boys undefeated and winning the Dilley tournament. The girls have only one loss and that was in a squeaker by 2 points to come in second at the Dilley tournament. We are looking at how to make our programs better and stronger so that our kids get to achieve their goals in athletics, in academics, and in life.
