RE: Stephenville ISD
Huckabee Team for 2018
Bond Projects

Dear Mr. Underwood,

We greatly appreciate the partnership between Huckabee and Stephenville ISD, and we look forward to seeing the great experiences and opportunities available to students and educators as a result of your successful bond program. Thank you for your trust in our team!

Huckabee has served Texas education for more than 51 years, and we are proud to have established ourselves as the top educational architecture firm in the state. We believe that learning environments play such a significant role in student success that we are exclusively focused on this one thing.

For your consideration, we have enclosed resumes for the team dedicated to your district, several of which are Stephenville ISD graduates: Will Smith (Associate Principal), Josh Cogburn (Project Leader), Katelynn Tate (Architectural Associate) and Jaren Dahl (Intern).

In addition to traditional A/E services, we provide a range of in-house services: facility assessment, long-range and master planning, community engagement and branding, interior design, furniture coordination, environmental graphics and wayfinding, structural engineering, cost estimating, jurisdictional review and permitting, construction administration and close-out and warranty services. We have also selected Pacheco Koch (civil/landscape) and Romine, Romine & Burgess (MEP) to help serve your district.

We hope you'll find the information valuable as we move forward in the process to impact your community. Thank you again for the opportunity to continue our partnership!

Sincerely,

A handwritten signature in black ink, appearing to read "Daren Kirbo". The signature is fluid and cursive, with the first name being the most prominent.

Daren Kirbo, AIA
Vice President, Huckabee

DAREN KIRBO, AIA, *VICE PRESIDENT*

At Huckabee, Daren ensures our partners receive the highest quality delivery and the most exceptional level of service that is the hallmark of the Huckabee firm. Daren is a firm believer in people—in building them up and working with them on a personal level to better their communities. At Huckabee, he’s had many opportunities to practice this belief, and for two decades has helped our clients, employees and firm think strategically about education, design and community. Daren has made Stephenville his home for 20 years. His kids attend SISD schools and he is often found on the sidelines supporting numerous athletic teams for the district.

LEED Accredited Professional

WILL SMITH, AIA, LEED AP, ASSOCIATE PRINCIPAL

Will is a Stephenville ISD graduate and has spent his career at Huckabee. He understands the impact a love of learning can have on a young mind. For 15 years, he's worked his way through the ranks, and as a result, has been involved in the design of nearly every type of educational facility. Whether working on a renovation project or planning for a comprehensive bond program, Will knows how to make a project successful. As the Associate Principal, Will manages scope, schedule, budget and quality control, as well as consultant relationships.

CASEY CASSTEVENS, AIA, DIRECTOR OF DESIGN

Casey has built his career at Huckabee. Over the past 17 years, he's worked on more than 200 projects for our clients, from small renovations to state-of-the-art performing arts centers to academic campuses and athletic facilities. He brings boundless enthusiasm and ingenuity to each project, combined with a wealth of expertise in learning environments that inspire students and teachers alike. Casey will lead the schematic design and design development phases leading up the development of construction documents.
