

Dear Board Members,

While under the effects of Covid-19 restrictions, I must say this year's competitive bid process has again ran fairly smooth. We had twelve companies across the country request the bid. Six of the twelve companies were awarded various items in the bid based on lowest responsible bid factors. We did have one local company Central Supply whose bid was mailed late and they were disqualified. One concern vendors have shared is any products related to disinfectants may be delayed due to Covid-19, the raw materials to make the chemical just isn't available right now. As you all know the demand has been extremely high forcing companies to go into allocation mode to try and me the needs of all customers. We continue to explore and sample chemicals, equipment and processes to improve on what we do on a daily basis and promote efficiencies in the custodian department. The competitive bid process does help to drive pricing down. We will issue PO's for each award, this will help to expedite delivery.

Enough can't be said for the way our school district serves this community, again thank you for your unyielding support of the custodian department.

Bid Schedule:

April 9, 2020	Public Notice for custodian supply RFP.
April 23, 2020	All <u>questions</u> and <u>samples</u> must be submitted to Unit 5 contact by this date.
April 25, 2020	Question responses will be broadcast to all registered vendors on this date.
April 27, 2020	Responses to RFP due; Bid opening at 3:00 pm at Unit 5 Central Office.
May 13, 2020	Board of Education reviews and votes on Bid Response.
May 18, 2020	PO's for awarded supplies out to vendors.
June 29, 2020	Awarded bid supplies due in warehouse on this date.

We are looking forward to another successful summer cleaning season.

Best regards,

Craig Montgomery,
Director of Custodians

McLean County

Unit District No. 5

Educating each student to achieve personal excellence.
