

I am pleased to recommend the hiring of Katie Dawley as our new Special Education Teacher at Boyne City Middle School. Katie distinguished herself throughout the interview process, which included a panel consisting of two administrators and myself. She demonstrated a strong attention to detail, a calm and thoughtful demeanor, and, most importantly, a genuine heart for working with students.

Her strong interview, along with excellent references, clearly highlighted the professionalism, compassion, and commitment she will bring to supporting our students and collaborating with staff.

Katie will begin the 2026–27 school year on the MA Step 4 salary scale.

We are excited to welcome Katie to our school community and look forward to the positive impact she will have on our students and staff.

MICHAEL WILSON

Middle School Principal
