#### Subject: Create New Guidance Counseling Position - KW Vina 2020-2021

**Description:** At the Board's request, I am requesting approval to create an additional Guidance Counseling position at KW/Vina Elementary beginning the 2020-2021 school year as per BPS Policy #5210. KW/Vina is working diligently to meet the needs of the whole-child and last year presented reasons for the school board to create a new guidance counsel position. In addition to providing tiered instruction in academics we have established a system to provide similar support to meet the social-emotional/behavior needs of our young students. Although KW/Vina Elementary and BPS meet the basic Montana Accreditation requirements of 10:55.710 Assignment of Counseling Staff referenced below, item 1, KW/Vina is reaching the student capacity of our current guidance counselor. Many students and families of the BPS community have higher incidences of trauma and socio-economic needs than those in the typical student population across the state and nation. Although, Accreditation Standard 10.55.710 meets minimum requirements. BPS and KW/Vina Elementary recognize that our student's needs are unique and often cannot be met with the minimal staffing requirements. It is evident in the past three year's enrollment, KW/Vina is pushing these capacity limits. Total enrollment numbers (PreK-1) for the past three years at KW/Vina were:

2017-2018- **373 Students** 2018-2019- **364 Students** 2019-2020- **394 Students** 

With the creation of this position, KW/Vina intends to continue the implementation and sustain the established support within our MTSS for social-emotional and behavior needs of our students. This includes, but is not limited to:

- 1. Implementing weekly classroom-based social-emotional lessons in each classroom (PreK-1)
- 2. Consistently schedule Solutions Team Meetings with parents, teachers, school leaders, and intervention staff to meet the needs of students needing Tier II and Tier III supports for academics and social-emotional/behavior.
- 3. Continue providing small group instruction for students identified with the DESSA for Tier II social-emotional/behavior support consistently (weekly) conduct home-visits to support students in need of academic, attendance, social-emotional, behavior, or wrap-around services.
- 4. Coordinate with community resources to fully support the child and family.

5. Coordinate systems of support and personnel to meet the needs of the individual child at Tier I, II, and III.

It is with great excitement that we share our behavior referral data from the past two years! With the implementation of a basic tiered system of support in the area social-emotional/behavior we were able to see a sharp decline in the number of major behavior referrals at KW/Vina:

### *Referral Data for the Past 2-Years:* 2018-2019- **199 Major Behavior Incidences** 2019-2020- 98 **Major Behavior Incidences**

We recognize this is a decrease of more that 50%, but we still have a way to go.
