Background Information:

We are currently in the second year of the evaluation process for our 2012-2015 three year strategic plan. The District Strategic Plan is evaluated on an annual basis. This evaluation is for the 2013-2014 school year. The Texas Academic Performance Report (TAPR) will be released in December of each year and contains the data for the previous school year.

Administrative Considerations:

- The District Strategic Plan evaluation is the annual update on our progress based on data from the 2013-2014 school year.
- The District Wide Effectiveness Improvement Committee (DWEIC) has been in the process of reviewing, revising, and evaluating all data sources to complete the Comprehensive Needs Assessment in the areas of Demographics, Student Achievement, Curriculum/Instruction/Assessment, School Context and Organization, School Culture and Climate, Family and Community Involvement, Staff Quality/Recruitment/Retention, and Technology.
- An evaluation summary is located in the far right hand column titled, "2013-2014 Evaluation", on the attached 2012-2015 District Strategic Plan document.
- The 2013-2014 District Strategic Plan evaluation is posted in its' entirety on the District website under 2012-2015 District Strategic Plan.
