V. Acknowledgement - School Board Recognition Month

Melissa Hanson, Executive Director, formally acknowledged School Board Recognition Month and expressed MAWSECO’s sincere gratitude to our board members for the important role they play within the organization and for the commitment they demonstrate in making decisions that have a tremendous impact on the education of the students MAWSECO serves.

VI. Reports

Executive Director Report

General Updates

The MDE has communicated that staff will be scheduling site visits to all schools and programs receiving Title One funds in MN.

MAWSECO’s Director of Technology and Administrative Cabinet have been discussing and reviewing the measures and steps necessary to increase security. The costs associated with implementation of these items will be included in the FY25 budget plan.

Staffing and Personnel Requirements

The MDE has provided a PELSB Competency Grid that can be completed for each staff member who has the appropriate training and experience as a new option for districts to

demonstrate that their special education paraprofessionals with three or more years of experience meet the personnel requirements.

MAWSECO will be participating in a Virtual Job Fair on February 21st in an effort to recruit applicants for our job vacancies.

READ Act:

Admin has continued to plan for implementation of the Professional Development requirements under the READ Act by July 1, 2024. The training will require approximately 50 hours of professional development for each staff member required to participate under the law.

MAWSECO Legislative Advocacy

MN Advocacy: Melissa will be attending the MASE Day at the Capitol on February 27, 2024 to meet with our state legislators regarding the needs of special education.

Federal Advocacy: Melissa will be traveling to Washington D.C. on February 28-March 1, 2024 to meet with our MN Congressmen regarding educational needs and priorities. This is a joint advocacy trip with MASA and MASE leaders that will be covered by MASE due to Melissa's role as MASE President.

Jessica Johnson arrived at 6:27 pm.

Director of Business Services Report

Update on status of Highly Qualified Paraprofessionals

As of February 9th, all MAWSECO special education and Title I paraprofessionals have met the definition of highly qualified and therefore all services provided are eligible to be reimbursed. The MDE is expected to begin monitoring for compliance in FY 25.

Virtual Job Fair

Elizabeth Sullivan, HR Coordinator, has done a great job of preparing and setting up for a virtual job fair on February 21st in which she and other administrators will be participating in an effort to try some new things in the area of recruitment.

Resource Training Worksite Wellness Grant

A grant in the amount of \$3,200 was received from Resource Training and Solutions as part of a worksite wellness program. The Wellness Committee has decided to use this grant towards a subscription for the Calm App that all MAWSECO employees and their

dependents 16+ are able to use. The subscription will be available starting February 29th. The Calm app is the #1 mental health app designed to help individuals manage stress, sleep better, and live a happier, healthier life through tools to help you build life-changing habits to support your mental health.

Program Administrator Report

DAPE

DAPE Networking has continued and has brought information out to all districts as they participate. Vinne Pokornowski has been working with St. Cloud State University to get some of the sport wheelchairs for student use for wheelchair basketball. These will be at the Ed Center but will also have the opportunity to go to the districts. Updated equipment has been arriving and has given students opportunities to try new activities.

Journeys

Students built and launched rockets in January due to the warm weather. It was great to see the excitement of the students when their rockets were launched.

There have been students transitioning from Journeys to their resident districts as well as some new students to Journeys. We continue to look for one more paraprofessional to become fully staffed for the students we currently serve.

STEP

Students are now able to sign up for some activities, inside and out, that meet their different interests. Students continue to run the “coffee shop” in the staff lounge two days a week. They are really refining their skill and making progress. During their most recent trip, the students were able to practice ordering lunch in the food court and split up and shop in the different areas according to their interests at the Ridgedale Mall.

Trek

Students enjoyed watching the rocket launch again. Each student did research on different penguins and completed a poster with pictures and facts that are posted on their bulletin board. We are hopeful that we will be able to fill the open paraprofessional positions soon.

Cornerstones and Eastern Wright

Enrollment continues to increase and we have completed a few intake meetings over the past couple of weeks. We are fully staffed within both of the programs and staff are getting trained in and acclimated to all of the students and the processes.

We were able to fill our newly posted school social worker position with Sonja Brevik who comes to us with a wealth of experience in a different setting IV program as well as working with Child Protective Services. We look forward to working with her. Staff continue to look for ways to effectively meet the needs of all students.

VII. Action Items

A. New Business

1. Resolution Accepting Donations

A motion to approve the Resolution Accepting Donation from Mightycause/ GiveMN of \$20.00 was made by Kelsey Puncochar and seconded by Gena Jacobson. Roll Call Vote:
