Background Information

A summary of the Implementation of Education Plan is included as an attachment. Other updates include:

Charter School	During the last board meeting, there was a brief discussion about the possibility of a charter school opening within the school district. Earlier this spring, I met with a representative of a local non-public school to see if the district and non-public school could become partners. I answered several questions posed by their board members who ultimately decided to pursue certification as a charter school in one or two years.
COVID-19	Superintendent Anderson will provide an update about the school district's response to COVID-19, including implementation of the Distance Learning Plan.
