**Subject:** RE: under 350 list

According to the district master plans for Strong-Huttig, Guy Perkins, Dermott, and Western Yell all schools are adequate. Division staff made site visits to these districts to verify conditions, particularly of the older buildings on campus. Staff reported that district buildings were generally adequate, however concerns were raised concerning some of the facilities. It is suggested that the districts address these concerns with master plan projects (and complete the projects) and/or provide additional information to the Division that may contradict/clarify Division observations.

1. Strong Huttig – Auditorium/Assembly #700904902. Reported are apparent roof leaks, poor lighting, and odor possible due to set ceiling tiles and/or poor ventilation.
2. Strong-Huttig – Math/Sci/Café #700904902. Reported use is ISS, Art, and Cafeteria. Concern is noted regarding outside wiring, structural cracking, limited technology. Limited lighting in science room and room evidenced a lack of cleaning. Sinks were dirty and no soap evident. Reported the building was without running water for three days as of inspection date.
3. Dermott – ES K-6 #90100301. Soiled ceiling tile, strong odor in SPED from (177), lack of soap dispensers in classroom bathrooms.
