

# 2019-2020 Program of Studies

---

# Process

OTL Supervisors, Department Chairs and School Administrators review and agree on updates and changes

Changes can include:

- New courses
- New course descriptions
- Prerequisites
- Grade level eligibility
- Articulation with Higher Education Institutions

The Program of Studies has been created as a Google Doc, improving the ability to share and edit.

# New Course Addition

## Sports and Entertainment Marketing

Prerequisite Course: **Introduction to Marketing**

Grade Level: **9 - 12**

Level: **Academic (One Semester Course)**

This course is designed to study marketing principles and concepts in the sports and entertainment industry. In this second phase of the marketing program, instructional topics will include an orientation to the sports and entertainment industry, economics, event execution, career opportunities, decision making, event marketing, advertising and promotion, and legal aspects/contracts. Students will use technology to complete class assignments, simulations, and projects.

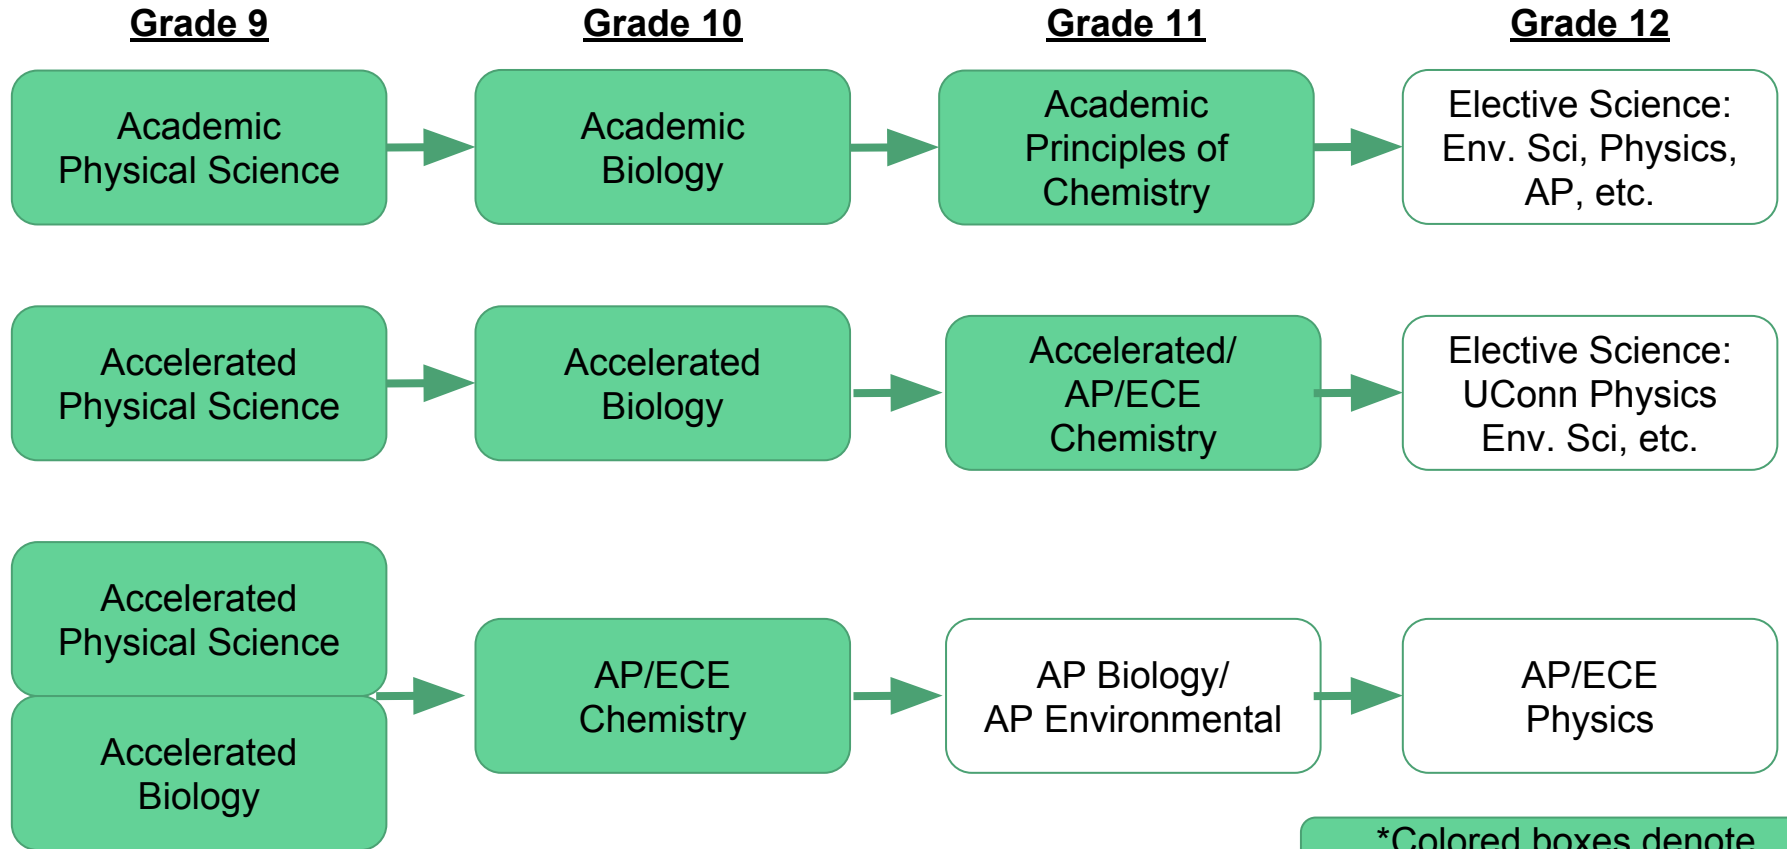

# Revision to Science Pathways

**Physical Science:** The current NGSS course will be continually revised for improvement at the academic level, and the development of an accelerated level of this course will begin in Summer 2019

**Biology:** The current NGSS course will be continually revised for improvement at the academic level, and the development of an accelerated level of this course will begin in Summer 2019

**Chemistry:** The current NGSS course will be continually revised for improvement at the academic level, and the development of an accelerated level of this course will begin in Summer 2019. **Academic: Principles of Chemistry, Accelerated: Chemistry.** Curricular changes and revisions will begin immediately.

# Revision to Science Pathways

# **Addition of Physical Education and Health Requirements**

Once the BOE Policy Committee reviews the policy and votes at the February BOE meeting to approve the graduation requirements, the Program of Studies will be amended to reflect the updated policy
