	Note:	For additional legal requirements applicable to pur- chases with federal funds, see CBB.	
		For legal requirements generally applicable to the pro- curement process, see CH and CV.	
	"Design-build" is a project delivery method by which a district con- tracts with a single entity to provide both design and construction services for the construction, rehabilitation, alteration, or repair of a facility. <i>Gov't Code 2269.301</i>		
	This policy applies only to a facility that is a building or an associ- ated structure, including an electric utility structure. This policy does not apply to:		
	ply was airp	ighway, road, street, bridge, underground utility, water sup- project, water plant, wastewater plant, water and stewater distribution or conveyance facility, wharf, dock, port runway or taxiway, drainage project, or related type of ject associated with civil engineering construction; or	
		uilding or structure that is incidental to a project that is pri- rily a civil engineering construction project.	
	Gov't Co	de 2269.302	
	habilitation ture only chapter of contract	may use the design-build method for the construction, re- on, alteration, or repair of a building or associated struc- as provided by Government Code Chapter 2269, Sub- G. In using that method, the district shall enter into a single with a design-build firm for the design and construction of ing or associated structure. <i>Gov't Code 2269.303</i>	
Design-Build Firm	partners	-build firm under this policy must be a sole proprietorship, hip, corporation, or other legal entity or team that includes tect or engineer and a construction contractor. <i>Gov't Code</i> 4	
Architect/Engineer	pendent	rict shall select or designate an architect or engineer inde- of the design-build firm to act as the district's representa- ne duration of the project. <i>Gov't Code 2269.305</i> [See CV]	
Request for Qualifications	general i cial syste terion, a	rict shall prepare a request for qualifications that includes information on the project site, project scope, budget, spe- ems, selection criteria and the weighted value for each cri- nd other information that may assist potential design-build submitting proposals for the project. <i>Gov't Code</i> $\delta(a)$	

	The district may not require offerors to submit architectural or engi- neering designs as part of a proposal or a response to a request for qualifications. <i>Gov't Code 2269.306(d)</i>
Design Criteria Package	The district shall also prepare the design criteria package that in- cludes more detailed information on the project. If the preparation of the design criteria package requires architectural or engineering services that constitute the practice of architecture within the meaning of Occupations Code Chapter 1051 or the practice of en- gineering within the meaning of Occupations Code Chapter 1001, those services shall be provided in accordance with the applicable law. <i>Gov't Code 2269.306(b)</i>
	The design criteria package must include a set of documents that provides sufficient information, including criteria for selection, to permit a design-build firm to prepare a response to the district's re- quest for qualifications and to provide any additional information re- quested. The design criteria package must specify criteria the dis- trict considers necessary to describe the project and may include, as appropriate, the legal description of the site, survey information concerning the site, interior space requirements, special material requirements, material quality standards, conceptual criteria for the project, special equipment requirements, cost or budget estimates, time schedules, quality assurance and quality control require- ments, site development requirements, applicable codes and ordi- nances, provisions for utilities, parking requirements, and any other requirement. <i>Gov't Code 2269.306(c)</i>
Evaluation <i>Qualification</i>	For each design-build firm that responded to the request for qualifi- cations, the district shall evaluate the firm's experience, technical competence, and capability to perform, the past performance of the firm and members of the firm, and other appropriate factors submit- ted by the firm in response to the request for qualifications, except that cost-related or price-related evaluation factors are not permit- ted. Each firm must certify to the district that each architect or engi- neer that is a member of the firm was selected based on demon- strated competence and qualifications, in the manner provided by Government Code 2254.004. A district shall qualify a maximum of five responders to submit proposals that contain additional infor- mation and, if the district chooses, to interview for final selection. <i>Gov't Code 2269.307(a)–(c)</i>
Proposals	The district shall evaluate the additional information submitted by the offerors on the basis of the selection criteria stated in the re- quest for qualifications and the results of any interview. The district may request additional information regarding demonstrated com- petence and qualifications, considerations of the safety and long-

	term durability of the project, the feasibility of implementing the pro- ject as proposed, the ability of the offeror to meet schedules, or costing methodology.
	"Costing methodology" means an offeror's policies on subcontrac- tor markup, definition of general conditions, range of cost for gen- eral conditions, policies on retainage, policies on contingencies, discount for prompt payment, and expected staffing for administra- tive duties. The term does not include a guaranteed maximum price or bid for overall design or construction.
	Gov't Code 2269.307(d)–(e)
	The district shall rank each proposal submitted on the basis of the criteria set forth in the request for qualifications. <i>Gov't Code</i> 2269.307(f)
Selection	The district shall select the design-build firm that submits the pro- posal offering the best value for the district on the basis of the pub- lished selection criteria and on its ranking evaluations.
	The district shall first attempt to negotiate a contract with the se- lected firm. If the district is unable to negotiate a satisfactory con- tract with the selected firm, the district shall, formally and in writing, end all negotiations with that firm and proceed to negotiate with the next firm in the order of the selection ranking until a contract is reached or negotiations with all ranked firms end.
	Gov't Code 2269.308(a)–(c)
Make Rankings Public	Not later than the seventh day after the date the contract is awarded, the district shall make the proposal rankings public. <i>Gov't Code 2269.308(d)</i>
Design	After selection of the design-build firm, that firm's architects or en- gineers shall submit all design elements for review and determina- tion of scope compliance to the district or the district's architect or engineer before or concurrently with construction. <i>Gov't Code</i> <i>2269.309</i>
Final Construction Documents	The design-build firm shall supply a set of construction documents for the completed project to the district at the conclusion of con- struction. The documents must note any changes made during construction. <i>Gov't Code 2269.310</i>
Payment or Performance Bond	A payment or performance bond is not required and may not pro- vide coverage for the design portion of the design-build contract with the design-build firm under this policy.
Amount	If a fixed contract amount or guaranteed maximum price has not been determined at the time the design-build contract is awarded,
	21 3 of 4

the penal sums of the performance and payment bonds delivered to the district must each be in an amount equal to the construction budget, as specified in the design criteria package. The designbuild firm shall deliver the bonds not later than the tenth day after the date the design-build firm executes the contract, unless the design-build firm furnishes a bid bond or other financial security acceptable to the district to ensure that the design-build firm will furnish the required performance and payment bonds before construction begins.

Gov't Code 2269.311 [See CV for more information on payment and performance bonds]
