BOARD COMMUNICATIONS

# Aubrey Middle School

## FFA

---

Aubrey FFA is in full swing, we are hard at work building our membership, purchasing animals and starting practices for our fall contests. We had our back to school Ag kickoff at Rancho Dela Roca on Sept 4th (formally Burger Burn) it was a great success.

Our officers and members will be hard at work this fall with Donkey Basketball, Kids night out, state officer visits, lots of contests and animal projects are in the works! We will also be attending the National FFA Convention in Indianapolis in October with Lewisville/Marcus FFA and Sanger FFA.

7th grade Careers class is learning all about MONEY, checks, credit and the cost of our everyday lives. 8th grade is learning about all the aspects of the FFA and how it functions with the Agriculture Industry.

Thank you for all your support to the AG Program!

## Teen Leadership

---

The middle school is offering a new class this year called Teen Leadership. The teacher of this new class attended training for Capturing Kids Hearts, a nationally known program on how to build positive, productive, trusting relationship with students. She was then trained in the curriculum to use that training in a program for middle school students titled Teen Leadership. The administration, teacher and students are all very excited about the great things happening in this new classroom and have included some information about both programs and letters from the students on their feelings about the class.
