

Special Programs Board Report

March 2013

Special Education:

Special Education teachers are currently working on reviewing data from student performance. They are analyzing the data, making changes and creating appropriate interventions for students that are not meeting their growth targets.

SPED Caseload: 141 Students K-12

ELL:

We are continuing to serve students identified as second language learners. We currently serve 15 students.

TAG:

We have ordered the TAG screening materials and hope to complete the screening process for 2nd grade students this spring. We currently have 4 students identified in the district.
