---

**Date:**    12/10/2018

**To:**        **Corrina Guardipee-Hall**  
                  Browning Public Schools

**From:** Wayne Hall  
                  Title:    Transportation Supervisor

**Subject: Purchase New Bus Washer for Transportation Department**

**Description:** Request to purchase a new bus washer for the Transportation Department. The old one is 25 years old and costing too much money to keep replacing parts; it is almost obsolete.

**Financial Impact: \$19,900.00**

**Funding Source (Budget/grant, etc.): Transportation Budget**

**Attachment(s): Agenda and Proposal**

**Approval:** Superintendent's Office/Finance/Personnel as applicable (Initial) \_\_\_\_\_

**Comments:** \_\_\_\_\_

---

**Board Action:**     N/A (Info)     Approved     Denied     Tabled to: \_\_\_\_\_

**Proposal to Browning Public Schools December 5, 2018**

**All-Stainless Steel 101-BB Wash-Bot:**

Bus Washing is Easy with the Wash-Bot **Model 101-BB**, a fast, affordable, reliable labor saver, specifically designed for washing large trailers in fixed wash areas. The all-stainless-steel frame and spray system are corrosion-proof. The 'brush only' inclination helps with hard to reach areas. Operator controls are located on both sides for operating the machine in 2 directions. The 220Volt feed is stepped down to 24Volts for the operator controls. The 101 comes in standard 12'6" wash height (12'11" overall height) for transit buses and coaches! The standard brush consists of cruciform polyethylene feathered fibers.

**Also Includes:**

- 220Volt Single or 3 phase electric motor with direct-drive sealed and lubricated reducer
- 24 Volt (stepped down) operator controls
- Patented Bitimec 'brush only' inclination system
- Stainless steel adjustable spray pipes
- All hardware for trolley line installation between two anchor points is included. **Customer has to position water and electric services and two anchor points for wire rope.**

Standard machine cost (Includes all hardware for trolley line) **\$19,900.00**

**Optional Equipment INCLUDED on stock machines:**

Full machine height, 3" Rubber bumpers on both side frames	380.00
Safety distance wheels	350.00
Upgraded extreme service casters with double turntable bearing and	320.00
Full factory crating for safe transportation	550.00
Installation (labor & mileage car etc. 2 days average)	1,900.00
Extended Warranty:	550.00
Shipping expense to Montana (see crate dimensions below)	1,600.00
2 years on standard AND on consumable parts,	
5 years on power brush drive (motor and reducer),	
∞ <b>Lifetime</b> against corrosion or weld failure on S/S frame	

Total price (special package discount): **~~\$25,550.00~~**

**NET PRICE DELIVERED AND INSTALLED USING OLD TROLLEY LINE AND REPLACING ANY NEEDED PARTS \$19,900.00**

**Installation is included! Price quoted is DELIVERED AND INSTALLED in Montana  
Payment: Upon completed installation**

**Crate Dimensions: 12'11" L x 4'2" W x 3'2" H – 850 lbs. Customer responsible for receiving and unloading crated machine.**
