3 Policy # 2123

4 Policy Name: *Administrative Regulation Authority*

5 Regulation: -----

6
7 The Board of Education of Browning Public Schools #9 has provided the basic educational
8 objectives, administrative guidance, basis for performance evaluation, and the means of school and
9 community leadership to the administrative and operational staff through written policy statements.

10
11 The superintendent will provide for the implementation of Board policy and the management of
12 school district affairs under these policies. This will be accomplished through the superintendent's
13 directives and administrative regulations. Administrative regulations are the superintendent's
14 specifications for the implementation and management of school district affairs. Under board policy
15 all rules and regulations will be reviewed by the Board in accordance with this policy and made
16 available to the public. The management team and administrative staff, as directed by the
17 superintendent, shall provide for the implementation of board policy and the management of school
18 district affairs as prescribed in these policies and corresponding administrative regulations.

19
20 In the event that regulations or procedures are necessary to cover matters not directly related to an
21 existing policy statement, they will not violate the intent of any adopted policy.
