

2015–16 Business Recognition Program

Texas public schools have benefited tremendously from the generous support of businesses and organizations in their community. Whether they choose to champion the marching band, a vocational class, a whole school, or the entire district, local businesses and community groups are vitally important to the success of public schoolchildren in our state. Express your appreciation by recognizing entities in your community that contribute valuable support to your district.

Submit business, organization information online

Thousands of area elementary students celebrate Heroes for Health Day in Bexar County.

District representatives complete the online [Business Recognition Form](#) identifying entities that provide support to the district or school. Submit as many names as you'd like throughout the school year. Recognitions for the 2015-16 school year should be submitted by **June 30, 2016**.

Receive presentation packet by mail

TASB will send the district presentation materials for each business submitted.

Districts can then show their appreciation by making a formal presentation of the packet to the business at a board meeting, the business location, or an annual recognition event. Share presentation photos by e-mailing them to StandupRecognition@tasb.org.

See honoree name online, in print

The names of recognized entities will be posted on the TASB Website and in printed materials for their support of Texas public schools. We want to show our appreciation for the many businesses and community organizations that provide needed assistance to districts and schoolchildren across the state.
