

**School Board Meeting/Workshop:**

**February 11, 2019**

**Subject:**

BHS MTSS Proposal

**Presenter:**

**Pam Miller, Director  
Teaching & Learning  
Mark Mischke, BHS Principal**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Report only. Approval will be requested at the February 25th board meeting.

**DESCRIPTION:**

Throughout this school year, BHS has had a team of teachers and administrators researching and developing a proposal to implement a Multi-Tiered System of Supports (MTSS) at the high school level. Many types of supports for students have been put in place in previous years, however, not as a comprehensive approach.

At Monday's board workshop, Mark Mischke, BHS Principal, will share the proposed change in the BHS schedule to accommodate the implementation for students in need of interventions, as well as an advisory support for all students.

Implementation will take place at the start of the 2019-2020 school year, pending board approval at the February board meeting.
