

School Board Meeting:

June 27, 2016

Subject:

2016 School District Census

Presenter:

Kim Carlson

SUGGESTED SCHOOL BOARD ACTION:

Approval of 2016 School District Census.

DESCRIPTION:

The School Board approves an updated district census population annually. The census must be approved and updated with the Minnesota State Demographer's office by July 1 each year. The new census population figure for 2016 is estimated at 32,534. This is an increase of 143 people from the 2015 report. This will increase revenue to Community Education by approximately \$1,200.

The 2016 update was completed according to the same methodology used in previous years and was sent to Susan Brower, Minnesota State Demographer to be approved.
