

Board Committee Report

Committee Name: Sustainability

Date of Report: 10-22-2019

Written/Submitted by: Jason Belter

Date of Last Meeting: 10-7-2019

Next Meeting Date: 11-4-2019

Motions/Action Items for the Board Meeting:

Motion	Action Item	Description	Goal

2018-2019 Committee Goals

Goal	Brief Update on Progress	Complete
A concrete sustainable model of how Nova will be on a 5+ year time scale. The model will assume adherence to Nova's mission and vision for classical education and the committee job will be to achieve those existing objectives by focusing on the school's financial and structural elements which include both physical and human resources.	We discussed the No Growth Scenario extensively at our last meeting and are currently polishing a report with a recommendation for the November Board meeting.	
The committee is also responsible for ensuring that the model and the		

<p>rationale is readily communicated and understandable to all stakeholders in the community. We will be using the Whole Product Report as a jumping off point of information about the school's existing strengths, weaknesses, and aspirations.</p>
