

BOARD OF SCHOOL TRUSTEES

KELLER INDEPENDENT SCHOOL DISTRICT

3E. Action

October 24, 2005

SUBJECT: LOCAL POLICY UPDATES CKB, DEC, DNA, EIC, EIF, FDA, and FFAB

BOARD GOAL: All students will achieve educational excellence.

FISCAL NOTE: None

Background Information:

1. It is necessary to occasionally update individual policies beyond what we receive as an Update from TASB (Texas Association of School Boards).
2. Several policies need adjusting to accommodate new positions.
3. The Policy Committee has reviewed changes to CKB, DEC, DNA, EIC, EIF, FDA, and FFAB.

Administrative Considerations:

Local policies with recommended changes

- The following local policies are being submitted for consideration for approval. The purpose of the requested changes for each policy is noted below.
 - CKB local SAFETY PROGRAM/RISK MANAGEMENT: ACCIDENT PREVENTION AND REPORTS
 - Additions to include new information regarding protective equipment
 - These changes bring us into compliance with Career and Technology requirements for protective equipment for students.
 - **No change since preview**
 - DEC local COMPENSATION AND BENEFITS: LEAVES AND ABSENCES
 - Change in policy to include a restriction on number of days for leave
 - **Deleted paragraph for clarity**
 - DNA local PERFORMANCE APPRAISAL: EVALUATION OF TEACHERS
 - **Based on discussions at the Board Meeting on October 10, 2005, the only change to the current policy is removal of information regarding scoring when a second appraiser is used.**

That information is now included with other information in the Administrative Regulations for this policy.

- EIC local **ACADEMIC ACHIEVEMENT: CLASS RANKING**
 - **Revisions as presented for clarification**
 - **Additional revisions to policy will be sent to the Curriculum Committee for review prior to next school year**

- EIF local **ACADEMIC ACHIEVEMENT: GRADUATION**
 - Changes to clarify that students who complete Algebra I in middle school are required to take an additional three math courses during grades 9-12
 - These changes will assist parents in better understanding the implications of students taking Algebra I in middle school. This is not a change in practice, only a clarification in policy
 - **No change since preview**

- FDA local **ADMISSIONS: INTERDISTRICT TRANSFERS**
 - Change to refer to Administrative Regulations and delete references to tuition payments
 - **Changed reference to Regulation**
 - **Deleted paragraph regarding tuition**

- FFAB local **HEALTH REQUIREMENTS AND SERVICES: IMMUNIZATIONS**
 - Changes to clarify immunization requirements for students transferring from out of state
 - **No change since preview**

+++++

The administration recommends that the Board of Trustees approve the local policy updates as presented.

Respectfully submitted,

Bill Newton, Ed. D.
Assistant Superintendent of Administration
