Hi Jeremy, we will discuss further, but here are some comparisons we will go over in our meeting:

Fuel Type	Unit Price	Cost per Million BTU's
Fuel Oil	\$4.20/gallon est.	\$29.82
LP Propane	\$1.89/gallon est.	\$20.60 – 2021 the school locked "1.029" for Bus Garage which equates to: \$11.22/million BTU's
Wood Pellets	\$235/ton	\$14.1 – Includes \$50/ton delivery fee. Factoring in 75% efficiency: \$18.8/million BTU's
Off Peak Electric	\$.064 to .068/kwh	\$18.69 to \$19.86

Thanks Jeremy,

Mike
