Due to the nature of the evening, parents are encouraged to find alternative plans for their children.

Parent/Teacher Conferences

Parent involvement is highly valued and strongly encouraged in District 107. Conferences are scheduled in the month of November during the week of Thanksgiving. [The middle school schedules additional conferences during 2nd trimester, as needed.](#)

1.100 - Video and Audio Monitoring System

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.120 - Students with Food Allergies

Food Allergy Management Program

While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations including proper treatment for allergic reactions. Board Policy 7:285 states that:

- No food or candy will be served at elementary classroom holiday parties. Classroom parties will focus on holiday-related games and activities.
- No food or candy will be sold directly to students during the school day outside of the lunch program.
- Ingredients of food used as part of extracurricular activity (cooking club) will be identified and communicated to parents in advance.
- Food sold as concessions outside of the school day at school or PTO sponsored events must be prepackaged with the ingredients listed unless parents are notified in advance that other foods besides prepackaged items will be sold.
- Food consumption is limited to identified areas of the building.

Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the school nurse.

1.140 - Suicide and Depression Awareness and Prevention

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. School Social Workers maintain resources and information that can be shared with families.

Chapter 2 - Attendance, Instruction, Promotion & Graduation

2.10 - Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

~~There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, or have a religious reason requiring absence.~~

2.20 - Student Absences

Daily student attendance is vital for our schools to best educate our students.

Elementary

Parents or guardians must log their child's absence into Pickup Patrol before 9 a.m. for elementary student absences. If a parent does not log the absence by the designated time, the school office/nurse will make every effort to contact the home to verify the absence. Illinois law requires that the school knows the whereabouts of every child within the first two hours of school. If school personnel are unable to reach a parent or guardian, the police may be asked to check the residence to ensure the child's safety. Parents must notify the school office in writing for a planned absence. When a student has been absent three or more days due to illness, a doctor's statement may be required before the child will be readmitted to school. A doctor's statement may be required when a child returns following a contagious disease. A student must be present at school by 12:00 p.m. to participate in after school/evening activities.

A student is considered absent if he/she misses 20 minutes or more in the morning or afternoon.

Middle School

Parents or guardians must email (middleattendance@d107.org) or call the absence line before 8:15 a.m. for middle school student absences. The caller/email must state the child's name, grade, reason for absence, and date(s) of absence. If a parent does not email/phone the absence line by the designated time, the school office/nurse will make every effort to contact the home to verify the absence. Illinois law requires that the school knows the whereabouts of every child within the first two hours of school. If school personnel are unable to reach a parent or guardian, the police may be asked to check the residence

to ensure the child's safety. Parents must notify the school office in writing for a planned absence. When a student has been absent three or more days due to illness, a doctor's statement may be required before the child will be readmitted to school. A doctor's statement may be required when a child returns following a contagious disease. A student/An athlete must be present at school by 12:00 p.m. to participate in after school/evening activities/a game or practice on that day.

Reasons for Absence

District 107, in keeping with section 26.2a of the Illinois School Code, considers the following circumstances to be valid/excused and invalid/unexcused causes for a student's absence:

Valid/excused reasons for absence

- Illness
- Death in the immediate family
- Family emergency
- Observance of a religious holiday
- Attending a military honors funeral to sound TAPS
- Circumstances which cause reasonable concern to the parent or guardian for the safety or health of the student
- Other situations beyond the control of the student as approved by the Superintendent or Principal

Invalid/unexcused reasons for absence

- Oversleeping
- Missing the bus
- Babysitting
- Completing work for a class
- Non-school sponsored activities
- Vacation

A phone call from a parent or guardian will not excuse a student in these circumstances. The school district will initiate preventive and supportive measures for students who are absent from school excessively, especially invalid/unexcused absences.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Formatted: Complex Script Font: 12 pt

Tardy

A student is considered tardy if he/she arrives after 8:20 a.m. for the middle school and 9:00 a.m. for the elementary school. Late arrival of school provided transportation does not constitute a tardy referral. Students who are habitually late to school are a concern. Not only do they miss important information starting the school day, they are a disruption to the class. At the Middle School, students who are late to school/class more than 3 times in a Trimester are subject to school discipline procedures. The principal or assistant principal will contact parents when tardiness becomes chronic.

Extended Absence Procedures

Regular attendance is vital to success in school. Parents or guardians are expected to maintain a regular attendance pattern for their children and to inform the school of any absence and its cause. Family vacations planned on school attendance days are discouraged. It is the parent responsibility to ensure that their children make up what needs to be made up.

An extended planned absence constitutes five or more missed school days. Parents are requested to notify their child's teacher and the school office in writing five days prior to an extended planned absence, stating the specific dates the student will not be in attendance.

There are many different learning activities and opportunities going on in classrooms each day. Not all can be done independently as most require some level of prior instruction from the classroom teacher. Therefore, teachers may not be able to provide will gather work ahead of time, as feasible. Other assignments will be saved for the child to do after the extended

Formatted: Font: (Asian) Calibri, Complex Script Font: 12 pt

absence. Any work that is given at the beginning of an extended absence should be done by the time the child returns to school.

There are several ways to assist your child in the maintenance of his/her skills during an extended absence:

- Read books for pleasure.
- Practice math facts (flashcards).
- Write about the events each day in a journal.
- Learn interesting facts about the place being visited.

These procedures are intended to help parents and students understand the academic responsibilities relative to extended absences. Questions should be directed to teachers or the school office.

2.30 - Release Time for Religious Instruction & Observance

A student shall be released from school, as an excused absence, for the purpose of observing a religious holiday. Prior to the holiday, parents and/or guardians should inform the school of the absence and reason for the absence.

2.40 - Make-Up Work

Students are responsible for their schoolwork when they are absent. Parents and students can use Schoology, our online Learning Management System, or email teachers directly to check for assignments. After two consecutive days of absence, arrangements may be made for someone to pick up the assignments from the school office between 3:20 and 4:00 p.m.

Family vacations while school is in session are discouraged. When the student returns, it is the responsibility of the parent and student to arrange for completion of work that has been missed.

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit.

Teachers will assist and determine a deadline for making up the missed work.

2.50 - Truancy

Student attendance A chronic or habitual truant, as defined by Illinois School Code, is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more than 1% but less than 5% of the previous 180 regular school attendance days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. Chronic or habitual truants could be referred to the county truancy service and/or the police department.

If chronic truancy persists after support services and other

The following resources and supportive services are made available, as appropriate to students with chronic or habitual attendance problems and their parents or guardians (as indicated in 26.13 of the School Code):

- Conferences with school and district will take further action, including personnel
- Counseling/testing services of school social workers and school psychologists.
 - Referral to the truancy officer
 - Reporting to officials under the Juvenile Court Act
 - Referral to the State's Attorney
 - Appropriate school discipline

2.60 - Grading & Promotion

Report Cards

- Report cards are posted throughout the year through Skyward. The third trimester report card will be mailed home after school lets out for the summer.
- Parents are encouraged to check their child's grades on Skyward on a regular basis. Letter grades on report cards begin in 3rd grade. Students younger than 3rd grade receive a numerical grade as described on the report card. In addition, Spanish, physical education, music, and art in the Elementary School also receive numerical grades. At the middle school, midway through each trimester, an email is sent home to remind parents to check midterm grades.

Grading

District Subject Grading Scale (3rd-8th Grades):

A	100 – 90
B	89.99 – 80
C	79.99 – 70
D	69.99 – 60
F	59.99 or below

Graduation Ceremony Eligibility

Grade 8 students are expected to meet academic expectations to participate in the graduation ceremony. Specifically, grade 8 students will not be allowed to participate in the graduation ceremony if they earn 6 or more "F's" during the school year, with at least one "F" occurring during the third trimester. If a student is at risk of nonparticipation due to academic performance, parents will be notified at the end of the trimester in which two (2) or more "F's" are accumulated on the report card. A plan to remediate will be developed jointly between the student, parent, and school. Grade 8 students who fail to remediate their academic performance given adequate notice will not participate in the graduation ceremony. Grade 8 students may also be prohibited from participation in the graduation ceremony or other 8th grade activities and privileges for incidents of gross disobedience and misconduct.

2.65 – Instructional Programs and Placements

Class/Teacher Assignments

The principal and teachers make decisions in the spring regarding the placement of students in classes for the following school year. A great deal of time is devoted to the development of class lists. Important academic, social, developmental, and behavioral factors are taken into consideration before decisions are made. Parent requests for a particular teacher cannot be honored as many factors are involved in this process.

Curriculum

Curriculum in District 107 is developed, reviewed, and refined on a yearly basis. The District's Curriculum Council is charged with evaluating present programs, analyzing research in the field, and designing a comprehensive program of study to meet the needs of all students in the district.

Formatted: Font: (Asian) Calibri, Complex Script Font: 12 pt

Connections Program – Elementary

The gifted/enrichment teacher meets regularly with PreK – grade 3 teachers to assess learning needs and help plan differentiated curriculum as needed. All students are screened as to their needs for academic acceleration using the district matrix at the end of grade 3. Students who are determined to need ongoing challenge are identified for Connections, our talented and gifted program.

Leveled English Language Arts Classes - Middle

In grades 5-8, students are identified for either on-level, extended, or advanced (grades 7 & 8) English Language Arts (ELA) classes.

Leveled Math Classes

In grades 5-8, students are identified for either on-level or accelerated math classes. Classes are designed to meet the academic needs of all students and provide an appropriate level of challenge. Classes utilize a differentiated curriculum as needed.

Qualifications for accelerated or extended instruction in English Language Arts and Math are detailed in the district's Talented and Gifted (TAG) Program document, found on the school district's website.

Mastery of Learning Guidelines

In accordance with the district mission, further attempts will be provided to students using the following guidelines to ensure mastery of grade level outcomes.

1. Subjects within a grade level will consistently apply mastery of learning guidelines.
2. A student is eligible if he/she demonstrates that additional effort was put forth to improve learning (e.g. study/preparation).
3. Age appropriate communication to students about further attempts will include the following:
 - Additional effort required to earn a further attempt
 - Which assessments will afford a further attempt (e.g. test, quizzes)
 - Teacher or student can initiate a request for a further attempt (teacher and/or student)
 - Opportunities available for re-teaching
4. Teachers may exercise discretion as to what sections/level of questions the student attempts. There may be circumstances under which further attempts may not be offered.
5. Whenever possible, a further attempt should be done within one week. Only one further attempt will be allowed for a written assessment as per teacher discretion.
6. When appropriate, an alternative form of the assessment will be used.
7. Whenever possible, the student will take the further attempt at a time other than direct instruction time. The further attempt can be given in or outside of the classroom. Both schools will provide locations and proctors for further attempts.
8. Teachers will determine how further attempts will be graded. They will communicate specific information about grading to students in advance.

2.70 - Homework

Homework is an integral part of the District 107 educational program. It is the expectation that homework will be a priority for our students. Homework offers teachers, parents and students the opportunity to be involved in and support the learning process outside of school. Homework should be meaningful and provide opportunities for practice, enrichment and extension of classroom activities. It also helps to develop student responsibility and necessary work habits such as time-management and self-discipline and the ability to work independently. It is an essential part of the educational process.

The following daily time allotments are listed as a general guideline (and many grade levels expect that students and parents will read for a minimum of 20 minutes per day):

Grades K-2	10 – 30 minutes per day
Grade 3	20 – 40 minutes per day
Grade 4	30 – 50 minutes per day
Grade 5	50 – 60 minutes per day

At the Elementary School

- The classroom teachers determine the type, frequency and quantity of homework. Assignments may include practice, drill, memorizing, review, work completion, error correcting, research projects and reading.
- Families are encouraged to set aside time each day to read. This provides the opportunity to practice reading and helps establish a life-long habit.
- Parents are encouraged to contact the classroom teacher immediately if they have questions about homework guidelines and/or level of challenge provided. Teachers can individualize homework if deemed necessary.

- Utilize Schoology and Skyward as a tool for accessing information concerning homework and grades

Students will...

- Accurately fill out their assignment notebooks each day
- Be responsible for completing homework on time

- Practice academic honesty when completing homework
- Exhibit self-advocacy by seeking additional help when needed
- Utilize Schoology and Skyward as a tool for accessing information concerning homework and grades
- Return to school to pick up forgotten materials and /or homework whenever needed

2.80 - Exemption from the Physical Education Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

The copy must include a stamp and signature of the court.

Chapter 5 - Health and Safety

5.10 - Immunization, Health, Eye & Dental Examination

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization including: DTP/DtaP, Tdap, Hepatitis B, Polio, MMR, Varicella, and MCV4 are required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second and sixth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Accidents and Illnesses

- When a student suffers a minor accident or illness at school, first aid is given and the name, date, and cause recorded.
- The parent or person designated by the parent will be notified and asked to come to the school for the child if a child becomes ill or injured.
- No child shall be sent home if there is not a responsible adult, either parent, or someone designated by the parent to accept him/her.
- A student who has diarrhea, has vomited in school or has a temperature of 100° F or more must be sent home.

- Students should remain at home at least 24 hours after a fever has subsided or is symptom free without medication.
- Should a serious accident or illness occur which warrants emergency treatment, 911 will be called and parents notified.

Allergies

Many students are allergic to animals. No animals will be brought to school for show and tell, star of the week, etc. Due to food allergies, no food may be brought in to share in either the lunchroom or the classroom.

Ambulance Policy

In the event of a student health emergency, the school nurse will determine whether an ambulance is needed to transport the student to the hospital in order to ensure the student’s safety. The cost of the ambulance, which is covered by many health insurance policies, will be the responsibility of the parent. Families who do not have health coverage can purchase student health insurance through the district. This guideline will apply at all school related activities whether on or off district grounds.

Cumulative Health Record

The school nurses keep a cumulative health record for each student and share the responsibility for keeping it up-to-date with parents. Should a student transfer out of the district, the health records are forwarded to the new school. Parents can use Skyward to monitor student visits to the nurse’s office.

Hearing Tests

Students in preschool, kindergarten, first, second, third and fourth grade, and all students new to the district are given a hearing test. Tests may also be given if a teacher notices that a student is having difficulty hearing. Parents will be notified if the nurse has concerns about the student’s hearing.

Vision Tests

Students in preschool, kindergarten, second, and eighth grades are given vision tests in accordance with state guidelines under the supervision of the school nurse. Tests are also given if a teacher notices that a student is having difficulty. Parents will be notified if the nurse has concerns about a student’s vision.

5.20 - Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “School Medication Authorization Form.”

No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of, any prescription or ~~non-prescription~~ medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. No student is allowed to possess or consume any prescription or ~~non-prescription~~ medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess an epinephrine ~~auto~~-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a ~~School~~ Student Medication Authorization Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication or epinephrine ~~auto~~-injector or the storage of any medication by school personnel. A student’s parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine ~~auto~~-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin. Students who are diabetic must also have a Diabetes Care Plan on file with the school.

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form – Medical Cannabis*.

Medical cannabis infused product (Product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she required administration of the product during school hours.

5.40 - Safety Drill Procedures

Drills

Drills required by the Illinois State Board of Education are conducted throughout the school year including fire, tornado/disaster, bus evacuation, and lockdown drills. Schools may add additional drills, as deemed appropriate. Students are instructed in appropriate actions and behavior.

Tornado Watch

If a tornado watch is in effect at dismissal time, no changes will take place to the previously arranged dismissal procedures.

Tornado Warning

At the onset of a tornado warning, teachers direct their students to designated safety areas. Students remain in the school until release is considered safe if the warning occurs at dismissal time. Parents may pick up their child at school during a tornado warning. Parents sending someone else to pick up a child must notify the school requesting a child's release. **Please do not telephone the school during tornado watches and warnings.** Calls could interfere with outgoing emergency calls.

5.50 - Communicable Disease

Rules and regulations regarding communicable disease control shall be enforced as required by the Illinois Department of Public Health. Parents must notify the nurse if their child has a communicable disease. The student's teacher and the principal will be notified.

5.60 - Head Lice

The school will observe the following procedures regarding head lice.

- Parents will be contacted when it is suspected that their child is infested with lice.
- Parents are asked to notify the school nurse if they suspect their child has head lice.
- The school will provide written instructions to parent/guardian regarding appropriate treatment for the infestation.
- It is advised by the CDC that students return to school after appropriate treatment has begun.

Chapter 6 - Discipline and Conduct

6.20 - School Dress Code & Student Appearance

Appropriate student dress is the responsibility of each student at Pleasantdale SD 107. Pleasantdale SD 107 hopes that parents will take an active part in assisting their children in making decisions about their appearance in school. Any clothing viewed as inappropriate or disruptive in any way will not be allowed. Students with inappropriate clothing will be asked to change. Parents may be contacted to bring a change of clothes. Additionally, students may be asked to wear their gym uniform, if necessary. Expectations for appropriate student dress are in effect for all extra-curricular and school-related activities (i.e. after-school sporting events, Student Council events, Clubs, etc.). Judgment of disruption is at the discretion of building administration. Specific guidelines are:

- Students and parents have the right to make clothing and accessory selections so that they feel comfortable and confident at school.
- Students and parents have the responsibility to make clothing and accessory selections that are appropriate for the educational environment. Clothing choices should not disrupt the educational process, interfere with the maintenance of a positive teaching and learning climate, or compromise reasonable standards of health, safety, and decency.
- Students should not wear hats or head covering of any kind (except that of established religious groups or medical exceptions) in the building, except when allowed for special spirit days.
- Apparel that promotes or advertises weapons, drugs, alcohol, tobacco products, gangs, or other inappropriate activities is not permitted.
- Clothing with holes, rips, tears, and clothing that is otherwise poorly fitting, showing skin and/or undergarments may not be worn at school.
- The length of shorts or skirts must be appropriate for the school environment.
- Shoes must be worn at all times.

Concerns about student dress will be handled through the main office. _____

6.30 - Student Discipline

As part of our district wide multi-tiered system of support (MTSS), the Pleasantdale Elementary School has established a three tiered Positive Behavior Support System (PBSS). PBSS is a systematic approach for implementing proactive schoolwide discipline. The purpose of PBSS is to improve school climate and prevent student problem behaviors across all school settings. Essential elements of our PBSS include: (1) building a culture within the whole school that will serve as a foundation for both social and academic success, (2) emphasizing early identification and prevention of problem behavior, (3) directly teaching appropriate social skills to all students, and modifying or rearranging the school context when necessary to prevent problem behavior, (4) using a three-tiered continuum of behavior support practices in order to prevent problem behavior, and (5) actively using data for decision-making.

All students receive the support they need for success based on a continuum of need and intensity. Our PBSS program uses:

- Student achievement data to inform instruction
- A problem-solving model
- A multi-tiered service delivery model
- Targeted interventions in addition to the core curriculum
- Regular progress monitoring

For special education students, please refer to page 3840 of the [Parent/Student handbook](#), section 10.20 "Discipline of Students with Disabilities," for additional information.

Discipline Plans -- Pleasantdale Elementary

The Pleasantdale Elementary School community of staff and parents believes that each child is responsible for his/her behavior. Based on this belief:

- The role of parents and staff is to guide and assist students in making appropriate behavioral choices, and understanding that all actions have consequences.

- The student's role is to develop skills and strategies for coping with conflict, and to accept responsibility for his/her choices.
- Pleasantdale Elementary students will become responsible and respectful citizens through their efforts and the shared commitment of parents and staff.

Pleasantdale Elementary School maintains a building behavior plan, The Eagle Way. The Eagle Way must be followed at all school sponsored activities, including field trips and bus routes.

- The Eagle Way
 - Be respectful
 - Be responsible
 - Be safe

- Each teacher establishes a set of classroom rules and procedures. These rules are on display in the classroom for all to see. These classroom rules include hallway, bathroom, and recess guidelines.
- A system has been set up during lunch and recess called “Eagle’s Nest” for children who fail to follow the Eagle Way. The “Eagle’s Nest” is located in an office near the lunchroom and is supervised by a staff member. Parents will be notified unless the supervisors feel the infraction was minor and communication home not necessary. Students are given appropriate behavioral intervention ideas (“flight plan”) and skills so that negative behaviors do not become habitual.

Discipline Plans -- Pleasantdale Middle

It is our goal at Pleasantdale Middle School to provide a safe and positive learning environment. To achieve this environment, expectations of behavior and conduct have been established which govern the entire school operation, including classroom and instructional areas, co-curricular groups and activities and school facilities. Students are expected to accept responsibility for their actions and the consequences of those actions. Parents and teachers also have rights and responsibilities in their role of support for continued student growth. In order to ensure student confidentiality, the district policy is not to give out information about a student’s behavior to other parents.

“The “I’s” of the Tigers” is our positive and proactive approach to school behaviors and is the heart of our program. We ask our students to affirm the following statements in their actions and behaviors while at or representing Pleasantdale Middle School:

- I am Respectful
- I am Responsible
- I am Safe

Expectations are taught, and when necessary, re-taught to illustrate the above statements through various areas within the building, including hallways, classrooms, lunchroom, recess, assemblies, and on the bus. All staff members are encouraged to support and recognize positive examples of “The “I’s” of the Tigers” through home communications and “Tiger Stripes” presented to the students.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to;

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or

Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Corporal punishment does not include, and certificated personnel are permitted to use, reasonable force as needed to maintain safety for other students, school personnel, or for the purpose of self-defense or the defense of property.

Use of Isolated Time Out and Physical Restraint

This policy applies to all students. Isolated time out and physical restraint shall be used only as a means of maintaining a safe and orderly environment for learning and only to the extent necessary to preserve the safety of students and others. Neither isolated time out nor physical restraint shall be used in administering discipline to individual students as a form of punishment. Isolated time out and physical restraint are considered restrictive interventions and are only used in emergency situations by trained staff members or when less restrictive interventions have been attempted and failed. This policy does not apply to the restriction of a student’s movement when that restriction is for a purpose other than the maintenance of a safe and orderly environment, such as the appropriate use of a safety belt in motor vehicles.

6.40 - Prevention of and Response to Bullying, Intimidation, and Harassment

BULLYING POLICY

Statement of Intent

The district is committed to providing a caring, friendly, and safe environment for all of our pupils so they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable. If bullying does occur at school, school related activities, or on busses, all pupils should report and know that incidents will be dealt with promptly and effectively.

What Is Bullying?

Bullying is intentionally using power to repeatedly make someone feel bad. Bullying can be emotional (systematically excluding, tormenting), physical (pushing, kicking, hitting, punching), racist (racial taunts, graffiti, gestures), sexual (unwanted physical contact or sexually abusive comments), homophobic (focusing on the issue of sexuality), verbal (name-calling, sarcasm, spreading rumors, teasing), cyber (email and social networking misuse), mobile threats (text messaging and calls), or misuse of associated technology (i.e. camera & video).

Why is it Important to Respond to Bullying?

Bullying hurts. No one deserves to be a victim of bullying. Everybody has the right to be treated with respect. Students who are bullying need to learn different ways of behaving. Schools have a responsibility to respond promptly and effectively to issues of bullying.

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression,

ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager (Superintendent) or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Procedures

- Report bullying incidents to any staff member. If further follow up is needed, contact Principal or Assistant Principal.
- Bullying incidents will be recorded by staff.
- In serious cases, parents of all involved students will be informed and asked to attend a meeting to discuss the problem.
- As necessary and appropriate, police will be consulted in extreme cases.
- Bullying behavior will be investigated as soon as possible.
- Confirmed offenders will have consequences that may include detention, suspension, meeting with the assistant principal, participating in peer mediation, or participating in small group or individual counseling.
- After the incident / incidents have been investigated and dealt with, each case will be monitored to ensure repeated bullying does not take place.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Prevention

Staff members will use various methods as needed to prevent bullying. Social Emotional Learning activities in both schools are the main venues for discussing bullying with students. Students are encouraged and taught to stand up for a student who

is being bullied when they are a bystander. When appropriate, whole school assemblies and parent education may be utilized.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, Harassment of Students Prohibited and 7:180, Prevention of and Response to Bullying, Intimidation and Harassment.

Social Work

As part of Pleasantdale District 107's mission, the district recognizes the need for each student to develop appropriate social, emotional, and behavioral skills. To that end, social work services are provided to students and their parents in collaboration with teachers and administrators.

Speech/Language

Students who have speech and/or language difficulties may be referred to the speech/language therapist for evaluation. In addition, the speech therapist completes a yearly screening of primary-age students. Parents are contacted following the initial screening when it is determined that further screening is necessary. Following parent permission, the child is screened, and the parent and therapist meet to review the results and discuss a plan of speech/language instruction. The child may meet with the therapist individually, in a small group, or receive support in the regular classroom setting.

RtI (Response to Intervention) / MTSS (Multi-tiered System of Support)

The RtI/MTSS Team consists of professionals from different disciplines who utilize a problem solving process to develop, monitor, and evaluate intervention plans for improving the school performance of identified students. Parents are encouraged to contact their child's teacher with any concerns.

Chapter 11 - Student Records & Privacy

11.10 - Student Privacy Protections

Student and Family Privacy Act

Student and family privacy rights are protected under Board Policy 7:15 which can be viewed on the district website at www.d107.org

11.20 - Student Records

Every effort is made to ensure the rights of parents and students as provided under the 1974 Family Educational Rights and Privacy Act and the Illinois School Student Record Act of 1975. Copies of these laws pertaining to student records are available in each school building.

Student records, classified as either permanent or temporary, are maintained to ensure a continuous educational program for each student. Parents are granted access to all official records pertaining to their children. Record review information, including forms requesting access to records, is available in the school offices.

In cases where parents are divorced, the noncustodial natural parent has right to records, notice of meetings, conferences, etc., upon request to the building principal. If there is a court order to the contrary, it is the responsibility of the custodial parent to inform the school of such restrictions.

All temporary student records are destroyed within five years after graduation, transfer or other permanent withdrawal of the student. Permanent records are maintained for 60 years.

Student Permanent Record means the minimum personal information necessary to a school in the education of the student and contained in a school student record. Such information may include the student's name, birthdate, address, grades and grade level, parents' names and addresses, attendance records, and such other entries as the State Board may require or authorize.

Student Temporary Record means all information contained in a school student record but not contained in the student permanent record. Such information may include family background information, intelligence test scores, aptitude test scores, psychological and personality test results, teacher evaluations, and other information of clear relevance to the education of the student, all subject to regulations of the State Board. The information shall include information provided under Section 8.6 of the Abused and Neglected Child Reporting Act. In addition, the student temporary record shall include information regarding serious disciplinary infractions that resulted in expulsion, suspension, or the imposition of punishment or sanction. For purposes of this provision, serious disciplinary infractions means: infractions involving drugs, weapons, or bodily harm to another.

Parents are notified prior to the transfer of records and, within a period of 10 days, may request permission to inspect all records being transferred. By parent request, family names may be excluded from any listing published by the school for general distribution.

The screening includes speech and language, vision, hearing, gross and fine motor development. The screenings are held in October and February at the Elementary School.

Parents may call the Elementary Office for more information or to schedule an appointment. Dates of screenings are listed in local newspapers.

Fastbridge

FastbridgeAIMSWEB

~~AIMSWEB is a Curriculum Based Measurement (CBM) assessment. It is a benchmark and progress monitoring system based on direct, frequent, and continuous student assessment. This assessment is designed to be a short (one minute) measure to monitor the development of pre-reading and early reading skills. AIMSWEB reading is administered in the fall, winter and spring to all students at the Elementary School. AIMSWEB math is administered to students in kindergarten and first grade. Results are sent home to parents on a regular basis.~~

Standardized Tests

Students in grades 3-8 are given a yearly state assessment as required by the Illinois State Board of Education. This assessment measures student performance in English Language Arts and Math. Additionally, in grades 5 and 8, there is a yearly state assessment in science.

Other assessments that are administered include the MAP assessment that is given three times annually, at the start, mid-year, and end. This assessment measures student growth and performance in math and language arts. The CoGat assessment is additionally administered annually, measuring students' learned reasoning abilities in the three areas: Verbal, Nonverbal and Quantitative.

12.30 - Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined by law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. Continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

12.40 - Sex Education Instruction

Students will not be required to take or participate in any class or course in comprehensive sex education if his or her parent or guardian submits a written objection. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology. Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

Our role is to protect children from harm. Details regarding any individual child's protection are a matter held in strictest confidence by all adults involved.

12.110 - Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.
