A. ACTION ITEMS

1. Varsity Football Uniforms Approval

I am looking for approval of the purchase of 65 varsity football uniforms for the Fall 2020 season. Five years ago the Varsity Football team was provided one brand new white jersey as their new uniform. The program is requesting to purchase 65 new uniforms which would include two jerseys (one blue and one white) and two pairs of football pants (one blue and one yellow). Riddell is providing a special on the uniforms, the district would pay \$262.00 per set (set includes two jerseys and two pants). The company is offering buy one get one free through the end of February. The old jerseys would be handed down to the JV program. See Attachment 4.A.1.

Recommended Action: That the Crestwood Board of Education approves the purchase of new Varsity Football uniforms from Riddell for the 2020 Fall Season. The purchase would include 65 blue pants, 65 yellow pants, 65 white jerseys and 65 blue jerseys to replace our current uniforms. The total cost of the purchase is \$17,636.00, which includes \$606.00 for shipping. As per Attachment 4.A.1.
