

Hello, this is Laci Lowery. As it comes to the start of the new school year, I would like to say how much I appreciate your help towards my education.

As for the scholarship I have received from you I would like to tell you where your help will be put towards. I will be working towards my AA in Northwest Coast Art. I am currently taking two online classes for Fall Semester then plan to attend in person for Spring Semester in January. With this education it will help better my understanding, deepen my passion for my culture, and I will help bring it back to my community to further educate the younger generations as I plan to teach. I greatly appreciate the help and support you have given in helping me to follow my dreams and goals.
