### **Counseling Center--Mr. Andreas & Ms. Roberts**

During September, both Mrs. Roberts and I conducted this proactive back-to-school outreach with your Attendance Clerk to make sure that every student registered for school was actually in school and accounted for. This process involved looking at each roster, identifying missing students, making phone calls to guardians, conducting home visits for missing children, and working with community partners to identify students who moved or are enrolled in other schools. As a result of this outreach, we located and have 271 of 272 students accounted for and enrolled at Napi, and a 90.44% attendance rate on count day (October 6, 2025).

The Napi Counseling Department utilizes a multi-tiered system of support (MTSS). Tier 1: Universal Supports; Tier 2: Targeted Supports, and Tier 3: Intensive Supports, which offer individualized, intensive support for students who don't respond to the first two tiers.

**Tier I MTSS Services** - All students at Napi receive Tier I Social Emotional Supports. These supports include: Second Step SEL curriculum in specials rotation, career counseling in specials rotation, academic counseling, individual crisis support, daily semi-structured lunch social/emotional support groups, and a clothing closet, hygiene supplies, weekend food as needed

**Tier II MTSS Services** - Some students at Napi receive Tier II Social Emotional Supports. These supports include: daily check and connect, ROX Girls Group, Tamarack Grief Resource Center grief group, Dessa SEL small group, McKinnie Vento Homeless Program, 504 medical plans, and family support meetings as needed.

**Tier III MTSS Services** - A small number of students at Napi receive Tier III Social Emotional Supports. These supports include: PHQ-A depression screening and referral, ASQ suicide screening and referral, Gina Dosch, School-Based Therapist for in-person psychotherapy, Blackfeet Tribal Behavioral Health for in-person/telehealth psychotherapy, Indian Health Services for in-person/telehealth psychotherapy and inpatient/outpatient treatment as needed.

Counseling services at Napi Elementary have been aligned with the American School Counselors Association (ASCA) national framework. Mr. Andreas will be participating in the online PESI - Abandonment Trauma: Treatment Strategies to Heal Inner Child Wounds and Restore Healthy Attachment professional development on October 23, 2025. Both Mr. Andreas and Mrs. Roberts will be attending the district-sponsored Suicide Prevention Training with John Summers Flanagon on November 12, 2025, at the Blackfeet Academy.
