**1. Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?** I'd like to present the four student nominees for our student of the year award through the Rotary. I will read a short bio for each child. I will call up the children and their parents and then present certificates.

**2. Provide history/background information on your proposal.**  
**I think it lends importance and prestige for students and parents to receive this recognition in front of the school board.**

**3. List the advantages of your proposal.**  
Parents and students feel supported and valued.

**4. List possible disadvantages of your proposal.**

**It takes 10 minutes of the Board's time on what might be a very busy agenda night.**

**5. List possible alternatives that could also offer a solution to your proposal.**  
**Why they were not recommended? We could do it another time, but we give our award in January so like to have this around the same time.**

**6. Superintendent's Recommendations:**
