

Ector County I.S.D. Hazardous Area Designation

Texas Education Code 42.155 (d) A district or county may apply for and on approval of the commissioner receive an additional amount of up to 10 percent of its regular transportation allotment to be used for the transportation of children living within two miles of the school they attend who would be subject to hazardous traffic conditions if they walked to school. Each board of trustees shall provide to the commissioner the definition of hazardous conditions applicable to that district and shall identify the specific hazardous areas for which the allocation is requested. A hazardous condition exists where no walkway is provided and children must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition.

TEA School Transportation Allotment Handbook

6.2 How Does Our District Ensure That Hazardous-Traffic-Area Service Is Eligible to Be Reported?

To establish funding eligibility for the transportation of hazardous-traffic-area students, your district's school board must adopt a local policy that:

- defines the hazardous traffic conditions that apply to the district and exist within two miles of its campuses
- and**
- identifies the specific hazardous traffic areas within the district that contain the hazardous traffic conditions that the board has defined (the specific hazardous traffic areas eligible for route service).

Your district must submit a copy of the initial policy to the TEA School Transportation Unit to establish eligibility for service that may be provided as a result of the policy. The board policy may be in any written format but must be adopted through official board action. Eligibility is effective as of the date the board adopts the policy. Eligibility is not retroactive to the beginning of a school year if the policy is adopted after the school year begins. The board policy may be submitted by mail, email, or fax to the postal address, email address, or fax number provided in [Appendix A](#). For audit purposes, your district must also [maintain](#) a copy of the policy and a record of its adoption.

Any subsequent change to the policy must be adopted through official board action and must be [maintained locally](#) for audit purposes. However, your district is not required to submit the revised policy to the TEA.
