## Grant Request

For the district I am requesting \$6,995 from the Laura Moore Cunningham Foundation to purchase a Plusoptix S20 Vision Screener. Currently, we rely on borrowing a device once a year, which prevents us from screening students who are absent, enroll later, or show concerns midyear. Owning our own screener would allow for year-round screenings and let us include vision checks at spring kindergarten events so families can address issues before school starts. This quick, accurate tool would help us better serve all students across five schools, many of whom face barriers to regular eye care, and ensure vision problems are identified early so they don't hinder learning.
