## **Outstanding Teacher Award**

## Patti Lloyd (aka Teacher Patti)

We are incredibly excited to announce Patti Lloyd as our highlighted certified staff for Meade River School for the 2021-2022 school year! Patti has been an integral part of the Meade River school family for many years and has been a great teacher, mentor, friend and community member. She is always willing to step out and support the teachers, families and lives for helping children reach their greatest potential.

Patti is originally from Idaho and moved to Barrow. It was there that she found her gift for helping children. She worked in Barrow for a few years and then moved to Atqasuk. Patti embraced Atqasuk as her home and cares for the people here like family. She lives every day for the kids and goes above and beyond to support and care for them not just academically but emotionally as well. She is one of the best people I know. She is always ready to cheer someone up with a hug or a story. She cares deeply, not only for the kids of the school, but the entire community and is always willing to help out however she can. Patti makes every day exciting and fresh. Whether it's Tattoo Tuesday or a boring Monday, she is a terrific colleague that makes everyone's day brighter as soon as we hear her voice down the hallway. Married to Rodney Lloyd, she likes to laugh, care for disabled dogs, and loves her family. Please join us in celebrating Patti as our highlighted certified staff for Meade River School! We are so lucky to have someone so caring, energetic, loving, and bright working with us every day.
