

# Terrell Independent School District

## Executive Summary Report

Date	District Guiding Pillar	
March 30, 2026	<b>Goal 1: Student Achievement:</b> Accelerate student learning to dramatically increase the number of students who perform on or above grade level.	

**Agenda Item:** Consider Approval of the District Bluebonnet Transition Plan

**Summary:**

Bluebonnet Learning are state-developed instructional materials that provide teachers with the tools to foster student success. Developed using the latest cognitive science, Bluebonnet Learning instructional materials cover 100% of the Texas Essential Knowledge and Skills (TEKS) and provide a full suite of resources including scope and sequence, daily lesson plans, and student materials. All Bluebonnet Learning instructional materials are designed to be high-quality, suitable, and grade-level appropriate.

A school district or an open-enrollment charter school is required to submit an instructional material transition plan when first adopting a State Board of Education (SBOE)-approved product for a grade level or subject/course. This requirement ensures a clear, effective, and timely implementation process. This process will facilitate a seamless and efficient transition for campuses.

An effective transition plan includes:

- Clear communication
- Timely access to print or procure materials
- Sufficient instructional and planning time for teachers
- Clear expectations for implementation
- Sufficient professional learning for campus leaders, instructional coaches, and teachers
- Timeframe for implementing instructional materials
