

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting January 23, 2023

FOR ACTION

Subject: Approval of Intergovernmental Agreement with Roselle School District 12

Last week, I was asked by Dr. Henderson of Roselle School District 12 to assist her with a problem involving a middle school student that was a victim of another student that is having difficulties regulating their behavior and emotions. It has been a legal matter for District 12 and Dr. Henderson asked if, through an intergovernmental agreement between Districts 12 and 13, District 12 would pay District 13 a prorated tuition for the student who was the victim to attend Westfield Middle School for the remainder of the 2022-2023 school year.

If Roselle had more than one school that serves the grade the student is in, this would not be necessary. However, small school districts do not always have multiple sites for grade levels within their boundaries. What makes this request different than others is:

- The student is the subject of an intergovernmental agreement for a limited time period to attend school temporarily in District 13;
- Safety and ongoing academic growth of the student are in jeopardy considering the current circumstances;
- Prorated tuition will be paid by District 12, not the parents.
- District 13 does not have to supply transportation services for the student.

Attorneys from both districts have reviewed and accepted the terms contained within the attached agreement

It is my recommendation to the Board to approve the intergovernmental agreement with Roselle School District 12, as presented.

Recommendation: The Board approve the intergovernmental agreement with Roselle School District 12, as presented.
