

# IXL Learning

---

IXL is a personalized learning platform that offers a comprehensive curriculum in math, language arts, and science, for students in Kindergarten through 12th grade. It provides adaptive skills, personalized guidance, and real-time feedback to help students learn and grow. IXL also offers tools for teachers and administrators to assess student progress, track student growth, and identify areas where support is needed

# Who is using IXL?

Percentage of teachers active across district

**79%** of teachers active  
(**109** of **138** teachers)

Percentage of teachers active by school

This school year
