Re: Help with our circus
Date: October 29, 2014

Thank you for all your help with our recent circus. We could not have done it without you. You provided the grounds, water, bathroom facilities, waste containers and disposal, and great help with advertising and selling the tickets. You accommodated the clown when she visited and allowed the children to watch the big top being raised. Your cooperation with all of our events is greatly appreciated.

The funds raised by our club will be used to purchase eyeglasses for students who need them and to help support the Texas Lions Children's Camp in Kerrville, TX. Locally we give money for several projects, including purchasing school supplies for children in need and a scholarship for high school seniors. Nationally we make contributions for disaster relief, leader dog training and other endeavors.

Your donation is appreciated and will be well used.

Sue Gardner
